Governor Carney, DPH, DEMA Announce Community COVID-19 Testing Sites

State agencies encourage COVID-19 testing

WILMINGTON, Del. – Governor John Carney, the Delaware Division of Public Health (DPH), and the Delaware Emergency Management Agency (DEMA) announced the list of community testing sites throughout Delaware this week. Testing locations listed below include pop-up and Curative trailer sites, as well as community sites hosted by the Henrietta Johnson Medical Center.

> *"Testing is the best way to track the spread of COVID-19 and monitor for potential outbreaks. But it's not a replacement for basic prevention measures that we know work," said **Governor Carney**. "Wear a mask. Think twice before gathering with friends or family outside your household. Consider celebrating the holidays a little differently this year. It won't be easy but that's how we'll limit the spread of COVID-19, and beat this virus. Stay vigilant."*

DEMA has coordinated community sites this week in addition to sites at Walgreens and at various hospitals and health care locations. Delawareans can view a full list of COVID-19 testing locations and reserve a spot at **de.gov/gettested**.

Delawareans are encouraged to check the Delaware Department of Health and Social Services' social media accounts (Facebook, Twitter, and Instagram) for testing location updates due to inclement weather.
