January 27, 2020 - Public Relations - Information

The New Mexico Department of Health (NMDOH) has added a page to its website, NMHealth.org, to provide the latest information and answers to frequently asked questions about the novel coronavirus (2019-nCoV) originating in Wuhan, China.

"The most common question the NMDOH has received over the last several days has been 'Can I or someone in my family contract coronavirus?' said NMDOH Cabinet Secretary Kathy Kunkel. *"The answer is not at this time, unless you have recently traveled to affected parts of China*

or have been in contact with someone confirmed to have novel coronavirus."

For this and other answers to frequently asked questions visit https://nmhealth.org/about/erd/ideb/ncov/.
