State of NH to Host Second Mass Vaccination Site This Weekend

Concord, NH – Today, Governor Chris Sununu announced that the State of New Hampshire will host a by appointment only mass vaccination site this Saturday, March 27 and Sunday, March 28 at the New Hampshire Motor Speedway in Loudon. This mass vaccination site is not open to walk-in appointments. Appointments remain available for eligible individuals to schedule in VINI.

> "Just a few weeks after hosting our first mass vaccination site and just days after opening Phase 2B, New Hampshire is moving full speed ahead with our second mass vaccination site," said Governor Chris Sununu. "This weekend is yet another opportunity for the State of New Hampshire as we continue to get doses into arms as quickly as the federal government delivers them."

In total, the state hopes to vaccinate 8,000 individuals at this Speedway this weekend.

The site will be open from 8:00 AM – 4:30 PM this Saturday and Sunday. Appointments remain available for eligible individuals to schedule by registering at vaccines.nh.gov, or scheduling through their VINI account. Individuals with later appointments can also reschedule for an appointment at the Super Site on Saturday or Sunday in their VINI account. Those who do not live close to the Speedway may still select the location for an appointment, but may need to expand their mile radius when looking for nearby appointments.

Only individuals who have a confirmed appointment with the State of New Hampshire will be able to receive the vaccine.

Individuals who do not have a confirmed appointment time should not show up to the Speedway.

Note: At this time, the Pfizer vaccine will be the only vaccine offered to those with Speedway appointments this weekend.
