230-X-1-.01.01ER Authority for Extending License Renewal Filing Deadlines During a Declared State of Emergency

Where a state of emergency has been declared by the Governor of the State of Alabama, the Alabama Licensing Board for General Contractors has the authority to modify its licensing renewal filing deadline procedures set forth under its Administrative Code Section 230-X-1-.01 for those holding a current unexpired Alabama license or for those holding a current Alabama license extension when said emergency declaration impedes a prime contractor and/or subcontractor's good faith ability to timely comply with the Board's licensing renewal deadline procedures for his or her current Alabama license as set forth under the Board's Administrative Code Section 230-X-1-.01. Moreover, when the declared state of emergency adversely impacts the ability to meet the Board's aforesaid licensing renewal filing deadlines as stated, the Chairman of the Board may authorize the Board's Executive Director to modify the Board's aforementioned licensing renewal filing deadlines for those holding a current unexpired Alabama license or those holding a current Alabama license extension, subject to the Board Chairman's final approval before said limited modifications go into effect. This rule does not expand or modify the license in issue and the adoption of this rule is deemed necessary for the public's health, safety or welfare.
