Governor Carney, DPH, DEMA Announce Community COVID-19 Testing Sites

State agencies encourage COVID-19 testing

WILMINGTON, Del. – Governor John Carney, the Delaware Division of Public Health (DPH), and the Delaware Emergency Management Agency (DEMA) announced the list of community testing sites throughout Delaware this week. Testing locations listed below include pop-up and Curative trailer sites, as well as community sites hosted by New Castle County and the Henrietta Johnson Medical Center.

> *"Testing helps us track the spread of COVID-19 and monitor for potential outbreaks, but it's not an excuse to ignore the basic health precautions," said **Governor Carney**. "Wear a mask. Do not gather with friends or family outside your household. We all know better by now, so let's not let our guard down. COVID-19 can cause serious illness or worse – especially among our most vulnerable. We need everyone's help to limit the spread this winter and protect lives. Stay vigilant."*

DEMA has coordinated community sites this week in addition to sites at Walgreens and at various hospitals and health care locations. Delawareans can view a full list of COVID-19 testing locations and reserve a spot at **de.gov/gettested**.

Delawareans are encouraged to check the Delaware Department of Health and Social Services' social media accounts (Facebook, Twitter, and Instagram) for testing location updates due to inclement weather.
