Industry Advisory

In response to the ongoing COVID-19 pandemic, the Nebraska Liquor Control Commission has been requested to examine its position that a Nebraska Licensed Wholesaler receive a signature from the retailer upon the delivery of alcoholic product. Since there is the possibility of cross contamination and infection, that requirement is waived for the duration of the outbreak. A future advisory will be issued when the situation is resolved.

Please note that this requirement is only applicable to the signing upon delivery to a retailer and all other required signatures such as bills of lading or returns of product still need to be signed due to the excise tax implications.

If you have any questions please contact the undersigned.
