TDH Launches COVID-19 Vaccination Reporting Dashboard

Daily Data Report Shifting to 5 p.m. Central Time

Friday, December 18, 2020 | 11:00am

NASHVILLE, Tenn. – The Tennessee Department of Health will provide data on COVID-19 vaccines administered in the state via a new dashboard to be provided online at www.tn.gov/health/cedep/ncov/covid-19-vaccine-information.html. This dashboard will launch Dec. 18 and will be updated each Tuesday and Friday.

Tennessee's COVID-19 Vaccination Reporting dashboard will include data on total vaccinations reported, vaccinations reported in the last day and within the last week. The dashboard will also display the percentage of each county's population that has been vaccinated. The first reports shared via this dashboard will reflect Tennesseans who have received their first dose of COVID-19 vaccine. Future versions will also provide data on Tennesseans who have been fully vaccinated with both their first and second doses of COVID-19 vaccine.

"We are eager to offer this tool to track our progress in implementing Tennessee's COVID-19 Vaccination Plan and making this important preventive measure available to Tennesseans in every county of our state," said Tennessee Health Commissioner Lisa Piercey, MD, MBA, FAAP.

TDH continues to provide daily COVID-19 data reports and will publish these reports by 5 p.m. Central time daily effective on Friday, Dec. 18. Tennessee's COVID-19 Vaccination Plan was last updated Dec. 2 and will be modified as more is learned about the vaccines Tennessee will receive. The plan is available online at www.tn.gov/content/dam/tn/health/documents/cedep/novel-coronavirus/COVID-19_Vaccination_Plan.pdf.

Tennessee's local health departments continue to offer COVID-19 testing five days a week at no charge to those wishing to be tested. TDH testing sites across the state will employ self-testing kits for adults three days a week beginning December 21, to allow staff members to transition to vaccination of frontline health care providers and first responders. Find testing hours and contact information for TDH health department testing sites online at https://covid19.tn.gov/testing-sites/.

The mission of the Tennessee Department of Health is to protect, promote and improve the health and prosperity of people in Tennessee. Learn more about TDH services and programs at www.tn.gov/health .
