STATE OF MINNESOTA
Executive Department

Governor Tim Walz

Emergency Executive Order 21-12

Extending the COVID-19 Peacetime Emergency Declared in Executive Order 20-01

I, Tim Walz, Governor of the State of Minnesota, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

The COVID-19 pandemic continues to present an unprecedented and rapidly evolving challenge to our State. The World Health Organization characterized the COVID-19 outbreak as a pandemic on March 11, 2020. A national emergency and major disaster declarations for all fifty states and the District of Columbia soon followed. The COVID-19 pandemic continues to cause significant risks to public health and safety. On February 24, 2021, the President continued the national emergency that was first declared on March 13, 2020.

On March 13, 2020, I issued Executive Order 20-01 and declared a peacetime emergency under Minnesota Statutes 2020, section 12.31, subdivision 2. On March 16, 2020, the Executive Council approved an extension of the peacetime emergency. After notifying the Legislature, on April 13, 2020, May 13, 2020, June 12, 2020, July 13, 2020, August 12, 2020, September 11, 2020, October 12, 2020, November 12, 2020, December 14, 2020, January 13, 2021, and February 12, 2021, I issued additional Executive Orders extending the peacetime emergency. In this Executive Order, the peacetime emergency declared in Executive Order 20-01 and extended in Executive Orders 20-35, 20-53, 20-75, 20-78, 20-83, 20-89, 20-92, 20-97, 20-100, 21-04, and 21-08 is referred to as the "COVID-19 Peacetime Emergency."

As a result of the COVID-19 pandemic, all 50 states have declared states of emergency, and 48 of them are in place today. This is because COVID-19 cases and deaths continue to proliferate. According to the United States Centers for Disease Control and Prevention ("CDC"), over 29 million people have been infected in the United States, resulting in over 527,000 deaths. As it has with the rest of the nation, the COVID-19 pandemic continues to take its toll on Minnesota. We have seen over 494,000 positive COVID-19 cases and over 26,000 hospitalizations. We have now lost over 6,700 neighbors and friends to this vicious disease.

I have noted in previous executive orders that the COVID-19 Peacetime Emergency opens our toolbox to allow us to take swift and appropriate action to protect the health and well-being of

our families, communities, and businesses. During the COVID-19 Peacetime Emergency, I have exercised executive authority through numerous executive orders to provide relief and further prepare our State for the COVID-19 pandemic. Such actions have included the temporary closure of schools and implementation of a distance learning period; enhanced protections for veterans in our veterans homes; activation of the National Guard to assist in relief efforts; measures to preserve personal protective equipment; temporary closure of bars, restaurants, and other places of public accommodation; efforts to provide economic relief and stability to those impacted by the pandemic; regulatory changes allowing our state agencies, health care providers, and licensing boards to ensure fast relief to Minnesotans; and orders requiring Minnesotans to stay at home and to wear face coverings in certain settings.

Minnesota has acted quickly to distribute vaccine to those eligible in Minnesota, and we have ranked highly among the states in ensuring that all available vaccine is administered. Increased vaccinations and decreased daily infection rates, hospitalizations, and deaths fill us with hope of better days ahead. Over one million Minnesotans have received at least one dose of vaccine, and we have vaccinated over 70 percent of those over the age of 65. Over the past year, our collective actions have saved lives. While news of successful vaccine distribution allows us to see the light at the end of the tunnel, the threat to life and safety remains, and we must continue to be vigilant.

As we receive additional vaccine allocations, emergency powers are essential for quick, equitable, and safe distribution to Minnesotans. The State Emergency Operations Center provides ongoing support to local governments, and—as the continued appropriation of significant public funds to fight the pandemic plainly shows—local resources remain inadequate to address the threat.

In Minnesota Statutes 2020, section 12.31, subdivision 2(a), the Minnesota Legislature authorized the Governor to declare a peacetime emergency when an act of nature endangers life and property and local government resources are inadequate to handle the situation. With the approval of the Executive Council, a peacetime emergency may continue for up to 30 days. Minnesota Statutes 2020, section 12.31, subdivision 2(b), provides the mechanism for the Governor to extend a peacetime emergency beyond 30 days. If the Governor determines a need to extend a peacetime emergency declaration beyond 30 days, and the Legislature is not sitting in session, the Governor must issue a call immediately convening both houses of the Legislature. The Legislature commenced its regular session on January 5, 2021 and is currently sitting in session. The Legislature may terminate a peacetime emergency extending beyond 30 days by a majority vote of each house.

Minnesota law does not clearly impose additional requirements for an extension of a peacetime emergency beyond the initial 30 days. Given the importance of this decision, I previously concluded that the prudent course was to limit subsequent extensions to 30-day increments and seek the Executive Council's approval of such extensions. I continue that course today.

For these reasons, I order as follows:

1. I have determined that the COVID-19 pandemic, an act of nature, continues to endanger life and property in Minnesota, and local resources are inadequate to address the threat. The COVID-19 Peacetime Emergency must therefore continue.

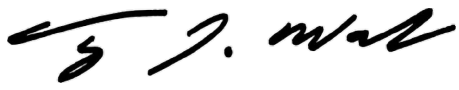
2. The COVID-19 Peacetime Emergency is extended through April 14, 2021, until this Executive Order is rescinded by proper authority, or until it is terminated by a majority vote of each house of the Legislature pursuant to Minnesota Statutes 2020, section 12.31, subdivision 2(b), whichever occurs earlier.

3. The COVID-19 Peacetime Emergency may be further extended by an executive order on or before April 14, 2021.

Pursuant to Minnesota Statutes 2020, section 4.035, subdivision 2, and section 12.32, this Executive Order is effective immediately.

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on March 15, 2021.



Tim Walz
Governor
