cinations&body=Check out this site https://governor.mo.gov/press-releases/archive/governor-
parson-identifies-site-locations-week-four-covid-19-mass)

FEBRUARY 15, 2021

JEFFERSON CITY — Today, Governor Mike Parson identified site locations for week four of the COVID-19 mass vaccination events in partnership with the Missouri National Guard, Department of Health and Senior Services (DHSS), State Emergency Management Agency (SEMA), and local health care systems.

“While weather forecasts indicate Missouri will experience frigid temperatures this week, DHSS, the Missouri National Guard, SEMA, and our local partners remain dedicated to our shared goal of getting vaccines into the arms of every Missourian who wants one as quickly as possible,” Governor Parson said. “We thank all Missourians for their continued interest in getting the vaccine. Everyone will have an opportunity to receive a vaccine as soon as supply allows."

The National Guard, DHSS, and SEMA teams will return to each site after 21 days for Pfizer vaccines and 28 days for Moderna vaccines to administer second doses. Unless otherwise notified of a location change, individuals should plan to return for their second dose at the same site that they received their first dose.

Mass vaccination site locations for week four can be found below. Details are included for both initial and booster (second dose) vaccination sites. For event sign-up information, please visit MOStopsCOVID.com/events (https://covidvaccine.mo.gov/events/). Week five locations will be announced next week.

Week Four Locations: February 16 - 20, 2021

Region A

Initial Dose Location

- County: Clay County
- Location: Cerner World Headquarters Campus (KCX Building)
- Address: 2951 Rock Creek Pkwy., North Kansas City, MO 64116
- Date: Tuesday, February 16, 2021

Booster Dose Location

- County: Pulaski County
- Address: 194 E. Lawn, St. Roberts, MO 65584
- Date: Friday, February 19 and Saturday, February 20, 2021
- Time: 8 a.m. - 5 p.m.

**Due to potentially hazardous and changing weather conditions, Missourians should visit MOStopsCOVID.com/events (https://covidvaccine.mo.gov/events/) prior to traveling to confirm their regions mass vaccination event has not been cancelled.

Please note that high throughput hospitals and other private providers may hold their own vaccination events, but these events are not hosted by the Missouri National Guard, DHSS, or SEMA. Information regarding vaccination events outside of those listed above must come directly from the host providers.

The state is committing approximately 53 percent of weekly vaccine allocations to high throughput hospitals and 23 percent to the regional mass vaccination events. The remaining 24 percent will go to local public health agencies, federally qualified health centers, and other enrolled community providers.

To date, providers throughout the state have administered more than 871,000 doses of COVID-19 vaccine.

Missourians who would like to register for a vaccine are encouraged to use Missouri's Vaccine Navigator (https://covidvaccine.mo.gov/navigator/) or to reach out to health centers in their area. A list of vaccinators as well as the latest vaccine updates can be found at MOStopsCOVID.com (https://covidvaccine.mo.gov/).
