GUBERNATORIAL DISASTER PROCLAMATION

WHEREAS, in late 2019, a new and significant outbreak of Coronavirus Disease 2019 (COVID-19) emerged in China; and,

WHEREAS, COVID-19 is a novel severe acute respiratory illness that can spread among people through respiratory transmissions and present with symptoms similar to those of influenza; and,

WHEREAS, certain populations are at higher risk of experiencing more severe illness as a result of COVID-19, including older adults and people who have serious chronic medical conditions such as heart disease, diabetes, or lung disease; and,

WHEREAS, we are continuing our efforts to prepare for any eventuality given that this is a novel illness and given the known health risks it poses for the elderly and those with serious chronic medical conditions; and,

WHEREAS, the World Health Organization declared COVID-19 a Public Health Emergency of International Concern on January 30, 2020, and the United States Secretary of Health and Human Services declared that COVID-19 presents a public health emergency on January 27, 2020; and,

WHEREAS, the World Health Organization has reported 109,578 confirmed cases of COVID-19 and 3,809 deaths attributable to COVID-19 globally as of March 9, 2020; and,

WHEREAS, in response to the recent COVID-19 outbreaks in China, Iran, Italy and South Korea, the Centers for Disease Control and Prevention ("CDC") has deemed it necessary to prohibit or restrict non-essential travel to or from those countries; and,

WHEREAS, the CDC has advised older travelers and those with chronic medical conditions to avoid nonessential travel, and has advised all travelers to exercise enhanced precautions; and,

WHEREAS, the CDC currently recommends community preparedness and everyday prevention measures be taken by all individuals and families in the United States, including voluntary home isolation when individuals are sick with respiratory symptoms, covering coughs and sneezes with a tissue, washing hands often with soap and water for at least 20 seconds, use of alcohol-based hand sanitizers with at least 60% alcohol if soap and water are not readily available, and routinely cleaning frequently touched surfaces and objects to increase community resilience and readiness for responding to an outbreak; and,

WHEREAS, a vaccine or drug is currently not available for COVID-19; and,

WHEREAS, in communities with confirmed COVID-19 cases, the CDC currently recommends mitigation measures, including staying at home when sick, when a household

member is sick with respiratory disease symptoms or when instructed to do so by public health officials or a health care provider and keeping away from others who are sick; and,

WHEREAS, despite efforts to contain COVID-19, the World Health Organization and the CDC indicate that it is expected to spread; and,

WHEREAS, there are currently 11 confirmed cases of COVID-19 and an additional 260 persons under investigation in Illinois; and,

WHEREAS, one of the confirmed cases of COVID-19 in Illinois has not been linked to any travel activity or to an already-confirmed COVID-19 case, which indicates community transmission in Illinois; and,

WHEREAS, based on the foregoing, the circumstances surrounding COVID-19 constitute a public health emergency under Section 4 of the Illinois Emergency Management Agency Act; and,

WHEREAS, it is the policy of the State of Illinois that the State will be prepared to address any disasters and, therefore, it is necessary and appropriate to make additional State resources available to ensure that the effects of COVID-19 are mitigated and minimized and that residents and visitors in the State remain safe and secure; and,

WHEREAS, this proclamation will assist Illinois agencies in coordinating State and Federal resources, including the Strategic National Stockpile of medicines and protective equipment, to support local governments in preparation for any action that may be necessary related to the potential impact of COVID-19 in the State of Illinois; and,

WHEREAS, these conditions provide legal justification under Section 7 of the Illinois Emergency Management Agency Act for the issuance of a proclamation of disaster;

NOW, **THEREFORE**, in the interest of aiding the people of Illinois and the local governments responsible for ensuring public health and safety, I, JB Pritzker, Governor of the State of Illinois, hereby proclaim as follows:

Section 1. Pursuant to the provisions of Section 7 of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7, I find that a disaster exists within the State of Illinois and specifically declare all counties in the State of Illinois as a disaster area.

Section 2. The Illinois Department of Public Health and the Illinois Emergency Management Agency are directed to coordinate with each other with respect to planning for and responding to the present public health emergency.

Section 3. The Illinois Department of Public Health is further directed to cooperate with the Governor, other State agencies and local authorities, including local public health authorities, in the development of strategies and plans to protect the public health in connection with the present public health emergency.

Section 4. The Illinois Emergency Management Agency is directed to implement the State Emergency Operations Plan to coordinate State resources to support local governments in disaster response and recovery operations.

Section 5. To aid with emergency purchases necessary for response and other emergency powers as authorized by the Illinois Emergency Management Agency Act, the provisions of the Illinois Procurement Code that would in any way prevent, hinder or delay necessary action in coping with the disaster are suspended to the extent they are not required by federal law. If necessary, and in accordance with Section 7(1) of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7(1), the Governor may take appropriate executive action to suspend additional statutes, orders, rules, and regulations.

Section 6. Pursuant to Section 7(3) of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7(3), this proclamation activates the Governor's authority, as necessary, to transfer the direction, personnel or functions of State departments and agencies or units thereof for the purpose of performing or facilitating emergency response programs.

Section 7. The Illinois Department of Public Health, Illinois Department of Insurance and the Illinois Department of Healthcare and Family Services are directed to recommend, and, as appropriate, take necessary actions to ensure consumers do not face financial barriers in accessing diagnostic testing and treatment services for COVID-19.

Section 8. The Illinois State Board of Education is directed to recommend, and, as appropriate, take necessary actions to address chronic absenteeism due to transmission of COVID-19 and to alleviate any barriers to the use of e-learning during the effect of this proclamation that exist in the Illinois School Code, 105 ILCS 5/1-1 et. seq.

Section 9. Pursuant to Section 7(14) of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7(14), increases in the selling price of goods or services, including medical supplies, protective equipment, medications and other commodities intended to assist in the prevention of or treatment and recovery of COVID-19, shall be prohibited in the State of Illinois while this proclamation is in effect:

Section 10. This proclamation can facilitate a request for Federal emergency and/or disaster assistance if a complete and comprehensive assessment of damage indicates that effective recovery is beyond the capabilities of the State and affected local governments.

Section 11. This proclamation shall be effective immediately and remain in effect for 30 days.

Issued by the Governor March 9, 2020
Filed by the Secretary of State March 9, 2020
