SAMPLE

The Department of Labor and Industry Business Standards Division (BSD) has implemented an interstate licensure recognition registration process to allow expedited registration of professionals who hold an **active, unrestricted license in another state** to begin working in Montana.

Please visit the appropriate board website (http://boards.bsd.dli.mt.gov/) or the BSD homepage (http://bsd.dli.mt.gov/) to locate the correct registration form for the professional you are looking to hire to assist with your response to the current Coronavirus Disease 2019 (COVID-19) state of emergency. You can see a sample at right.

This registration will only enable the out of state licensee to work in Montana when they have registered appropriately with BSD and have been granted a registration that has been issued and is available to look up at https://ebiz.mt.gov/pol/ → Licensee Information → Licensee Lookup. This registration will only be valid during the period of time the Governor has declared a state of emergency related to COVID-19. **While a future date *will* show in Licensee Lookup, it should be understood to only be valid when a state of emergency is in effect if next to name it says "Covid-19 Reg".**

A valid registration will demonstrate a REG number and not an LIC number – see sample below.
