CONDITIONAL COMMUTATION OF SENTENCE

TO WHOM IT MAY CONCERN

Background

The novel coronavirus (COVID-19) is a respiratory disease causing illness that can range from very mild to severe, including illness resulting in death, and many cases of COVID-19 have been confirmed in the Commonwealth.

The Kentucky Constitution and Kentucky Revised Statutes, including, but not limited to, KRS Chapter 39A, empower me to exercise all powers necessary to promote and secure the safety and protection of the civilian population, including the power to command individuals to disperse from the scene of an emergency. Under those powers, I declared by Executive Order 2020-215 on March 6, 2020, that a State of Emergency exists in the Commonwealth.

In order to prevent the spread of COVID-19 and to promote and secure the safety and protection of individuals in state custody and correctional staff, it is necessary to reduce the inmate population in the prisons and jails of Kentucky. The Justice and Public Safety Cabinet presented written application and proposal for the commutation of sentences of 646 inmates in jails and prisons who: 1) have been identified by the Justice and Public Safety Cabinet as particularly vulnerable to the effects of COVID-19 due to age and/or medical conditions, as defined by the Centers for Disease Control and Prevention, and are currently serving sentences for non-violent, non-sexual offenses with fewer than five years remaining on the sentence; or, 2) have been identified by the Justice and Public Safety Cabinet as currently serving sentences for non-violent, non-sexual offenses with fewer than six months remaining on their sentence.

Order

I, Andy Beshear, Governor of the Commonwealth of Kentucky, by virtue of authority vested in me pursuant to Section 77 and related provisions in the Constitution of Kentucky, do hereby Order and Direct the following:

1. The sentences of the offenders identified on the list attached to this Order, which is hereby incorporated by reference, are Commuted Conditionally as follows:
    a. Before release, the offender must not test positive for COVID-19 and must not currently display or experience the symptoms associated with COVID-19;
    b. Before release, the offender must have a verifiable home address/residence to which they can be released;
    c. After release, if the offender did not complete a quarantine period in an institution prior to release, the offender must self-quarantine at this home address/residence for a period of fourteen (14) days, and end that quarantine only if the offender remains asymptomatic; and
    d. The offender must not commit any additional offenses during the offender's period of early release.

2. If the offender fails to meet the conditions set forth in paragraphs 1.a. and 1.b. of this Order, the offender's commutation will be temporarily revoked until such time as the offender can meet the conditions of 1.a. or 1.b. of this Order, at which point the offender will be released. If the offender fails to comply with the conditions set forth in paragraph 1.c. or 1.d. of this Order during the period of early release, the offender's commutation is revoked.

3. If any offender released under this Order is convicted and sentenced for a new felony offense, the number of days the offender was released in advance of his or her minimum expiration of sentence shall be restored by the Department of Corrections and shall be served prior to the service for the new conviction.

4. The Department of Corrections shall calculate these additional days, as provided in paragraph 3. above, at the time it receives official notification of the offender's new felony conviction and sentence.
