WHID – Spain (version 1)

By Gerard Domènech-Arumí and Giovanni Paolo Mariani

README

The dataset "**whid_spain**" contains all housing inequality estimates for Spain at the census tract aggregation level and above.

All datasets are stored in parquet and .dta (Stata) format.

All datasets are publicly available, but please cite the paper below if you use our data:

Domènech-Arumí, Gerard and Mariani, Giovanni Paolo, Housing Inequality in Spain (October 31, 2025). Available at SSRN. http://dx.doi.org/10.2139/ssrn.5688222

Please see Appendix B of the paper cited above for all details on housing inequality estimates for Spain.
