==========
Project Code: OPRE0002
Project Name: Two-Eave Documentary Study
Prepared for: Elizabeth Kolodny, Operation Respect
Interviews: 2233
Field Period: June 27, 2022 - July 15, 2022
Field Period Wave 3: August 16, 2022 - August 22, 2022
Project Manager: Melissa Moore, melissa.moore@yougov.com
==========
YouGov interviewed 2,630 respondents who were then matched down to a sample of 2,000 to produce the final dataset for Wave 1. For Wave 2, 1,710
Respondent interviews were matched down to a sample of 1,600.
At Wave 3, YouGov interviewed 1,360 respondents and the sample was weighted
without matching. The respondents in Waves 1 and 2 were
matched to a sampling frame on gender, age, race, and education. The frame was constructed by stratified sampling from the full 2019 American
Community Survey (ACS) 1-year sample with selection within strata by weighted
sampling with replacements (using the person weights on the public use file).
The matched cases were weighted to the sampling frame using propensity scores. The matched cases and the frame were combined and a logistic regression was estimated for inclusion in the frame. The propensity score function included age, gender, race/ethnicity, years of education,
and region. The propensity scores were grouped into deciles of the estimated propensity score in the frame and post-stratified according to
these deciles.
The weights were then post-stratified on 2016 and 2020 Presidential vote
choice, and a four-way stratification of gender, age (4-categories), race (4-categories), and education (4-categories), to produce the final weight.
