This dataset contains the results of a four-wave panel survey of Germans conducted during the Covid-19 pandemic. These data were collected with support from the National Science Foundation:

Driscoll, Amanda, Krehbiel, Jay, and Michael J. Nelson, Co-Investigators. National Science Foundation. "RAPID: COVID-19, Crises, and the Rule of Law." 2020 - 2021. Total Funding: $196,813. [SES-2027653, SES-2027671, and SES-2027664]

==========

Project Code: WVUN0001_wave4
Project Name: Impact of COVID-19 on Support for Rule of Law in Germany
Prepared for: Dr. Jay Krehbiel
Interviews: Wave 1 - 4,400, Wave 2 - 3,697, Wave 3 - 3,189, Wave 4 - 2,633
Field Period: Wave 1: April 28, 2020 - May 15, 2020,
Wave 2: June 30, 2020 - July 13, 2020
Wave 3: October 15, 2020 - October 31st, 2020
Wave 4: February 18th, 2021 - March 1st, 2021
Project Manager: Katie Dietrich [redacted]

==========

YouGov interviewed 4,729 respondents in wave 1 who were then matched down to a sample of 4,400 to produce the final wave 1 dataset. The respondents were matched to a sampling frame on gender, age, and education. The frame was constructed by stratified sampling from the 2018 Eurobarometer with selection within strata by weighted sampling (using the person weights on the public use file).

The matched cases were weighted to the sampling frame using propensity scores. The matched cases and the frame were combined and a logistic regression was estimated for inclusion in the frame. The propensity score function included age, gender, years of education, and state. The propensity scores were grouped into deciles of the estimated propensity score in the frame and post-stratified according to these deciles.

The weights were then post-stratified on 2017 General Election vote choice, and a stratification of gender, state, age (4-categories), and education (4-categories), to produce the final weight.

In wave 2, YouGov re-contacted all 4,400 wave 1 respondents and achieved 3,697 completed wave 2 interviews. YouGov prepared a wave 2 weight following the same procedures as in wave 1.

In wave 3, YouGov re-contacted all 3,697 wave 2 respondents and achieved 3,189 completed wave 3 interviews. YouGov prepared a wave 3 weight following the same procedures as in wave 1.

In wave 4, YouGov re-contacted all 3,189 wave 3 respondents and achieved 2,633 completed wave 4 interviews. YouGov prepared a wave 4 weight following the same procedures as in wave 1.

==========

Variable List

==========

caseid	Case ID
weight	Gen Pop Weight (wave 1)
weight_w2	Gen Pop Weight (wave 2)
weight_w3	Gen Pop Weight (wave 3)
consent	Consent
urban	Population density

urban_rural_1	Urban/rural residence
ddr_1	Former resident of DDR
cell_usage_1	Cell phone use frequency
hours_outside_01	Pre-COVID 19 hours per week outside of house
hours_outside_02	Hours per week outside of house
federal_gov	The Federal Government
state_gov	State Government
local_gov	Local Government
federal_health	Federal Health Ministry
bundesverfassungsgericht	Bundesverfassungsgericht
medical_comm	Medical Community
scientific_comm	Scientific Community
