1 Analysis Data Set

- state_mx: Mexican state (unabbr.)
- st_mx: Mexican state (abbr.)
- mx_id: identifier
- yr: year
- mx_st_yr: state-year
- anti_exp: average exposure to anti-immigrant sentiment in the U.S.
- ann_z: annual Z score of remittance inflows
- rem: total annual remittance inflows (USD mil.)
- dpt_tot_prop: total annual received deportees
- cons_exp_raw: average exposure to Republican presidential vote shares
- cons_exp_2000: average exposure to Republican presidential vote shares (2000)
- cons_exp_2004: average exposure to Republican presidential vote shares (2004)
- cons_exp_0004: average exposure to Republican presidential vote shares (2000–2004)
- cons_exp_0008: average exposure to Republican presidential vote shares (2000–2008)
- cons_exp_l1: average exposure to (lagged) Republican presidential vote shares
- active_exp: average exposure to Secure Communities
- sc_cons_raw: active_exp × cons_exp_raw
- sc_cons_2000: active_exp × cons_exp_2000
- sc_cons_2004: active_exp × cons_exp_2004
- sc_cons_0004: active_exp × cons_exp_0004
- sc_cons_0008: active_exp × cons_exp_0008
- sc_cons_l1: active_exp × cons_exp_l1
- pop: population (in millions)
- ann_pr_mx: cumulative annual precipitation (mm)
- avg_tmp_mx: average monthly air temperature (^{o}C)
- unemp_exp_wt: average exposure to unemployment in the U.S.
- wage_csp_wt: average exposure to minimum wages in the U.S. (CSP)

- w_mmp_wt: average exposure to wages in the U.S. (MMP)
- dpt_st: total annual received deportees (standardized)
- active_st: average exposure to Secure Communities (standardized)
- cons_st: average exposure to Republican presidential vote shares (standardized)
- pop_st: population [in millions] (standardized)
- pr_st: cumulative annual precipitation [mm] (standardized)
- tmp_st: average monthly air temperature [^{o}C] (standardized)
- ins_st: active_st $\times$ cons_st
- emig: # of emigrants to the U.S.
- dest_cor: correlation of destination choice between documented and undocumented
- qdest: quantile of dest_cor
- qdest_xt: alternative quantile of dest_cor
- sc_anti_exp: active_exp $\times$ anti_exp

2 Deportations from the U.S. by Quintile (2004; 2008; 2012)

- state_us: American state (unabbr.)
- st_us: American state (abbr.)
- us_id: identifier
- yr: year
- us_st_yr: state-year
- qdpt_tot: quintile of total deportations
- qdpt_xt: quintile of total deportations (per `xtile`)

3 The Rollout of Secure Communities

- state_us: American state (unabbr.)
- st_us: American state (abbr.)
- us_id: identifier
- yr: year
- us_st_yr: state-year
- active_prop: cumulative proportion of active counties

4 Republican Presidential Vote Shares

- state_us: American state (unabbr.)
- st_us: American state (abbr.)
- us_id: identifier
- yr: year
- us_st_yr: state-year
- rep_raw : Republican presidential vote share (0.00)
- rep_pct : Republican presidential vote share (%)
- rep_2000 : Republican presidential vote share (2000)
- rep_2004 : Republican presidential vote share (2004)
- rep_0004 : average Republican presidential vote share (2000–2004)
- rep_0008 : average Republican presidential vote share (2000–2008)
- rep_l1 : Republican presidential vote share (single-lag)
