Brief Summary of Changes in 3.02

Note: the few changes to the new MIDs added in v3.0 are corrections of typos and errors; the 25 changes to MIDs originally in v2.1 were the result of investigation into the MIDs, as described in accompanying documents.

1) MID 262 was added.

2) MID 1673 was deleted.

3) MID 2004: End date has been changed in MIDB.

4) MID 2245 was added.

5) MID 2645: End date has been changed in MIDB.

6) MID 3241 was deleted.

7) MID 3448 was added.

8) MID 3994 was added.

9) MID 4062: CHN has been added as revisionist with territorial issues in MIDB.

10) MID 4073: Start Day has been changed in MIDA.

11) MID 4087: USA has been added as a joiner in MIDB.

12) MID 4121: End date has been changed in MIDB.

13) MID 4123: Start Date has been changed in MIDA.

14) MID 4125 USA is now on side A where as PRK is on side B.

15) MID 4136: Start Day has been changed in both MIDA and MIDB.

16) MID 4152: End date has been changed in MIDA.

17) MID 4160: AFG is on side A and IRN is on side B.

18) MID 4186: This MID has been broken up into two MIDS (4186 & 4343) because the incidents were more than 6 months apart.

19) MID 4191 was added.

20) MID 4192: Fatality level and Precise Fatalities have been changed to zero in MIDA, and in MIDB the Fatality level and Precise Fatalities of IRN have been changed to zero.

21) MID 4266 was added.

22) MID 4277: End date has been changed in MIDB.

23) MID 4280: US's Revision Type #2 has been changed to zero in MIDB.

24) MID 4287: Egypt's Revision Type #2 has been changed to zero in MIDB.

25) MID 4303: Start Date has been changed in MIDA and MIDB. Also, ANG is on Side A and ZAM is on Side B.

26) MID 4320: TUR has been added as a revisionist in MIDB.

27) MID 4338: RUS has been added as an originator in MIDB.

28) MIDs 4340, 4341, & 4342 have been added.

Notes:

1) MID 4045: Start Date and End Date of dispute have been estimated, where as at the incident level they remain missing.

2) MID 4197: Start Date of dispute has been estimated, while at the incident level it is missing.

3) Incident 4088001: Start Date of incident was estimated but the MID start date was left missing.
