</table>

Have you ever known anyone in Bosnia who was harassed, threatened, or physically assaulted because people suspected that they were homosexual? (Definitely yes, Probably yes, Probably no, Definitely no)
[**Ethnonationalism Variable is a Composite of these Three Measures]** [1] In general, do you have a very favorable, somewhat favorable, somewhat unfavorable, or very unfavorable view of the following? o Bosniaks [very favorable, somewhat favorable, somewhat unfavorable, or very unfavorable] o Bosnian Croats [very favorable, somewhat favorable, somewhat unfavorable, or very unfavorable] o Bosnian Serbs [very favorable, somewhat favorable, somewhat unfavorable, or very unfavorable]
[**Religiosity Variable**] How religious do you consider yourself? 1 = Not religious, 2 = Somewhat religious, 3 = Very religious
[**Education**] 11-point self-reported scale: [Without school or with 1-3 classes of primary school, 4-7 classes of primary school, Finished primary school, Vocational school (1 or 2 years), Vocational school (3 years), 4 years vocational school, Secondary school, High school, Finished university, Master's degree, Doctor's degree]

[1] We take the difference in how favorable respondents report their feelings of their ethnic in-group compared to other outgroups in Bosnia. A positive score on the index indicates that subjects rated their in-group more favorably than out-groups: 0 indicates the same rating, and negative scores (which are rare) indicate rating out-groups more favorably than one's in-group.
