USER GUIDE

This document is a guide and codebook for the 2020 collaboration on data collection between the American National Election Studies (ANES) and General Social Survey (GSS), which resulted in a sample of GSS respondents answering questions from both studies and allows the two studies to be linked.

For the ANES-GSS 2020 Joint Study, participants in the 2020 GSS also completed post-election interviews from the ANES 2020 Time Series study. A total of 1,164 GSS respondents completed post-election interviews for ANES, using self-administered web questionnaires.

We would appreciate being notified of any errors in the dataset or documentation by email to: anes@electionstudies.org

How to Cite the Study

American National Election Studies. 2022. *ANES-GSS 2020 Joint Study* [dataset and documentation]. April 8, 2022 version. www.electionstudies.org

Acknowledgments

The study was a collaboration between the General Social Survey and the American National Election Studies. NORC at the University of Chicago administers the GSS.

These materials are based on work supported by the National Science Foundation (www.nsf.gov) under grant number SES-1835721 to the University of Michigan and grant number SES-1835022 to Stanford University. Any opinions, findings and conclusions, or recommendations expressed in these materials are those of the author(s) and do not necessarily reflect the views of the National Science Foundation.

Ted Brader (University of Michigan) and Shanto Iyengar (Stanford University) were the ANES Principal Investigators; ANES Associate Principal Investigators were D. Sunshine Hillygus (Duke University), Daron Shaw (The University of Texas at Austin), and Nicholas Valentino (University of Michigan).

Matthew DeBell was Co-Investigator and Director of Stanford University Operations and David Howell was Director of University of Michigan Operations. ANES staff on

the project were Lindsay Dun, Lauren Guggenheim, Sang-Jung Han, Pat Luevano, Natalya Maisel, Laurie Pierson, and Jaime Ventura.

ANES data collection was performed by Westat, Inc. Lead personnel on the project at Westat included Michelle Amsbary, Mike Brick, Rick Dulaney, Brad Edwards, Cindy Good, Justin Kamens, Drew Kistler, Shelley Roth, and Siu Wan.

Michael Davern, Rene Bautista, and Tom W. Smith at NORC were the GSS Principal Investigators, with Rene Bautista also serving as GSS Director. Academic Principal Investigators for the GSS include Jeremy Freese (Stanford University) and Stephen L. Morgan (Johns Hopkins University).

The GSS team at NORC also included Colm O'Muircheartaigh (Senior Fellow), Ned English (Principal Research Methodologist), Steven Pedlow (Principal Statistician), Jaesok Son (Research Scientist), Benjamin Schapiro (Senior Research Analyst), Jodie Smylie (Project Director of Survey Management), Katy Aus (Research Director), and Josh Borton (Senior Data Scientist).

This document includes content from other ANES documentation without explicit attribution.

Sample Design and Respondent Recruitment

Respondents who completed the 2016-2020 General Social Survey Panel Study were invited to complete an ANES post-election interview. The GSS sample component eligible for the ANES consisted of 1,734 respondents to the GSS 2016-2020 panel survey, including a GSS interview in either 2016 and 2020, and who were U.S. citizens. They were subsequently invited by NORC at the University of Chicago for ANES to interview. Details regarding the GSS probability sample design, response rates, and interviewing methods are provided in the GSS documentation available from NORC. GSS cases were fielded for the ANES post-election survey (but not the ANES pre-election survey, due to the Covid-19 pandemic's effects on the GSS fielding schedule), resulting in 1,164 completed post-election ANES questionnaires. The number 1,164 includes both full interviews and sufficient partial interviews.

Data Collection

Field Dates. The ANES-GSS 2020 Joint Study collected data only during the post-election period of the 2020 ANES Time Series study. Election day was November 3, 2020. ANES-GSS 2020 Joint Study respondents were interviewed alongside 2020 ANES Time Series study respondents during the post-election period, between November 8, 2020, and January 4, 2021.

Questionnaire. The questionnaire administered to GSS respondents was based on the ANES post-election questionnaire, but some additional questions were asked in a GSS-specific questionnaire module. Some important demographic information was not collected from GSS respondents in the ANES questionnaire because that information was already reported on the GSS questionnaire; these data are available from the GSS dataset.

Locations. ANES-GSS respondents were interviewed using a self-administered questionnaire on the Internet. The survey could be completed anywhere the respondent had access to the Internet on a computer or other device (including mobile devices).

Languages. Interviews were able to be conducted in English or Spanish.

Response Rates

Information about the GSS response rate is available in the GSS documentation. The unweighted re-interview rate, or the unweighted response rate conditional on GSS participation, was 1,164/1,734 = 67 percent.

Available Files; Public and Restricted-Use Data

The primary survey dataset for the ANES interviews of GSS respondents is the ANES-GSS 2020 Joint Study public use dataset. It contains 1,164 cases (respondents).

The ANES-GSS 2020 Joint Study public use dataset may be used in three ways:

1. as a stand-alone dataset,
2. joined to the GSS 2016-2020 Panel dataset (available from the GSS website), or
3. joined to the ANES 2020 Time Series dataset (available from the ANES website).

Three additional files are also available for use with the ANES-GSS 2020 Joint Study:

- An ANES-GSS 2020 Joint Study Bridging File that facilitates merging the ANES-GSS 2020 Joint Study public use dataset to the ANES 2020 Time Series Study
- Redacted open-ended text responses
- A restricted-use dataset

Joining to GSS. The main intended purpose of the ANES-GSS 2020 Joint Study is to enable merging the ANES-GSS 2020 Joint Study dataset containing ANES questionnaire responses to the GSS 2016-2020 Panel dataset containing GSS questionnaire responses.

The two datasets can be merged by either:

- the GSS Case ID variable that is present on both files, YEARID, or
- the ANES Case ID variable that is present on both files, but is named V200001 in the ANES file and ANESID in the GSS file – one of the variables needs to be renamed to match the other prior to merging.

To combine the files, the type of merge is to “add variables” as the ANES-GSS 2020 Joint Study cases are already present in the GSS 2016-2020 Panel dataset.

- The GSS 2016-2020 Panel dataset includes 5,215 cases (respondents).
- The ANES-GSS 2020 Joint Study dataset includes 1,164 cases.
- Once the two datasets are merged by one of the Case ID variables, the resulting merged file should contain 5,215 cases. ANES data will be present for 1,164 of the GSS respondents, and ANES data will be missing for the 4,051 GSS respondents that did not participate in ANES.

Joining to ANES. The ANES-GSS 2020 Joint Study dataset can also be merged with the ANES 2020 Time Series Study by using the ANES-GSS 2020 Joint Study Bridging File. The ANES-GSS 2020 Joint Study Bridging File includes records for respondents from both the ANES-GSS 2020 Joint Study and the ANES 2020 Time Series Study, as well as weights for use in analyzing them together. The weights on the ANES-GSS 2020 Joint Study Bridging File are necessary to correctly analyze the ANES-GSS 2020 Joint Study cases and ANES 2020 Time Series Study cases together.

The three files can be merged using:

- the ANES Case ID variable that is present on both files, V200001.

To combine the files, the type of merge is to “add variables” to the ANES-GSS 2020 Joint Study Bridging File as all of the cases from the two datasets are already present in the ANES-GSS 2020 Joint Study Bridging File.

- The ANES-GSS 2020 Joint Study Bridging File contains 9,444 records (respondents).
- The ANES-GSS 2020 Joint Study contains 1,164 ANES-GSS respondents.
- The ANES 2020 Time Series file contains an additional 8,280 ANES-only respondents.
- Once the two datasets are merged to the Bridging File by one of the Case ID variables, the resulting merged file should contain 9,444 cases. 1,164 of

the cases will be the ANES-GSS respondents, and the remaining 8,280 cases will be the ANES-only respondents. The weights for using the ANES-GSS and ANES-only respondents together will originate from the Bridging File.

Restricted-use Dataset. Some variables have been removed from the public-use dataset in order to protect respondent confidentiality. For these variables, the word “RESTRICTED” appears at the beginning of the variable label and responses have been set to the value “-3. Restricted.”

Examples of restricted variables include, but are not limited to: detailed geography, detailed religious denomination, birth date, detailed education, detailed business/industry, detailed occupation, detailed race/ethnicity, nationality, and detailed income.

Users can apply for access to some restricted variables through a Restricted Data Access agreement. Please see the Data Center on the ANES website for more information about the application process and variable availability. Some variables may also require approval from the GSS.

Data Analysis, Weights, and Variance Estimation

The data should be analyzed using weights to accurately represent the population. Sampling errors should be calculated using methods that account for the complex sample design and the effects of weighting on variance. This section describes the variables to be used for these purposes.

Weights

The Joint Study dataset includes one post-stratified weight variable. It is designed for analysis of the GSS cases alone:

V200017b	GSS post-election weight. This weight is for analysis of the GSS cases alone.

Separately, the GSS dataset available from the NORC website contains weights designed for analysis of the full GSS sample. To analyze the Joint Study cases as part of the GSS sample, the weights GSS provides may be used. However, to analyze the Joint Study cases alone, we recommend the weights provided on the Joint Study file.

The ANES bridging file (see above) contains two additional weights designed for analysis of the GSS cases in combination with the ANES cases. One is for the analysis of the entire combined ANES-GSS sample, and the other is for analysis of the combined sample excluding the subset of the sample that was designated for video interviews.

V200018b	Combined ANES-GSS post-election weight. This weight is for analysis of all sample cases in the post-election interview, including GSS, 2016-2020 panel, web-only, mixed web, and mixed video sample groups (sample groups 1, 2, 3A, 3B, and 3C).
V200019b	Combined ANES-GSS excluding mixed video post-election weight. This weight is for analysis of the GSS, web-only, mixed web, and 2016-2020 panel cases in combination (sample groups 1, 2, 3A, and 3B), excluding the mixed video sample group (3C).

Sampling errors and significance testing

Statistical procedures for complex sample designs should be used to obtain appropriate estimates of sampling errors and indications of statistical significance. Statistical software such as Stata, R with a survey analysis package, or SPSS with the Complex Samples package can perform a Taylor Series calculation of sampling errors when provided with the appropriate (pseudo-)strata and (pseudo-)cluster (also known as PSU or variance unit) variables. In Stata, the command to set up this type of analysis has the following form:

```
svyset [pweight=WEIGHT], strata(STRATA) psu(CLUSTER)
```

In the code example above, WEIGHT would be replaced with the correct weight for the type of analysis being performed (as indicated in the previous section on weighting). STRATA and CLUSTER would be replaced with the corresponding variance stratum and variance unit (PSU/cluster) for the selected weight.

On the Joint Study data file, the weight variable, PSU/cluster, and variance stratum are as follows.

For weight	use variance unit/PSU/cluster	and use variance stratum
V200017b	V200017c	V200017d

On the bridging file, the weight, PSU/cluster, and variance stratum variables are as follows.

For weight	use variance unit/PSU/cluster	and use variance stratum
V200018b	V200018c	V200018d
V200019b	V200019c	V200019d

For example, the code to set up Stata for an analysis of the ANES-GSS 2020 Joint Study, which uses post-election weights only, is as follows:

```
svyset [pweight=V200017b], strata(V200017d) psu(V200017c)
```

For more information about weighted analysis of ANES data, see DeBell, How to Analyze ANES Survey Data: http://www.electionstudies.org/Library/papers/nes012492.pdf

Weighting methodology

For GSS cases interviewed for ANES, weights were calculated as follows:

1. *Base weights* consisted of the final nonresponse-adjusted GSS survey weight, accounting for subsampling for inclusion in the ANES.
2. *Post-election raking* adjustments were made to make survey estimates match known population characteristics (for which the main source was the March 2020 Current Population Survey): age by gender, marital status by gender, race/ethnicity by educational attainment, race/ethnicity by Census region, nation of birth, home tenure by metropolitan status, and early voter status.
3. *Composite* adjustments were made for combinations of sample groups. These composites were raked using the dimensions listed above and also adjust for different design effects in different sample groups by weighting each sample group according to its effective (design-adjusted) sample size.

Complete documentation of the weight calculation methods will be included in the forthcoming methodology report for the ANES 2020 Time Series Study.

Orientation to the Data and Documentation

Dataset

The *ANES GSS 2020 Joint Study* is being made available in multiple formats: SPSS (.sav), Stata (.dta), Comma Separated Values (.csv), and a fixed-width raw data file that can be read into SAS, SPSS, and Stata using syntax statements that have been provided.

Variables are stored using formats optimized for their data type. Missing data are coded as negative numbers, for instance “-8. Don’t know”.

When downloading the dataset, users should also download and make use of the two following pieces of documentation:

Questionnaire

The *ANES GSS 2020 Joint Study* participants answered the ANES 2020 Time Series post-election questionnaire. That document is available for download from the ANES 2020 Time Series Study page on the ANES website. It provides information about each of the questions that were asked in the survey. The questions in the Questionnaire are presented in the order they were asked. The Questionnaire includes the following information, where applicable, for each question: the section in which the question appears, question name, question wording, universe (where only a subset of respondents were to receive the question, which respondents those should be), response options, question logic, randomizations, display specifications, mode differences, and corresponding variables from the ANES 2020 Time Series Study Full Release dataset. Where applicable, such as for the post-election questionnaire, the Joint Study dataset has the same variables as the Time Series Study.

User Guide and Codebook

The second piece of documentation is this User Guide and Codebook. The remainder of this file, following this narrative section, consists of the codebook.

Whereas the Questionnaire provides information about questions that were asked in the survey, the Codebook provides information about variables that appear in the dataset.

Questions and variables do not always have a one-to-one relationship. For instance, multiple questions may be combined into a single summary variable. Or multiple variables may be derived from a single question. Furthermore, not all variables have associated questions - for example, administrative variables.

The Codebook includes the following information, where applicable, for each variable: the variable name (all variable names start with a “V”, and summary variables end with the suffix “x”), variable label (with “POST:” indicating that it is from the post-election study), question wording/variable meaning, response/code values and meanings, universe (where only a subset of respondents appear in a variable, which respondents those should be; note that universes are not included for most summary variables), associated survey question(s), information about whether randomization was used, interviewer instructions, and any other notes about the variable.

CODEBOOK: VARIABLES

GENERAL NON-SURVEY VARIABLES

version	VERSION OF ANES-GSS 2020 JOINT STUDY RELEASE
Value Labels	ANES-GSS_2020JointStudy_20220408

V200001	2020 CASE ID

YEARID	GENERAL SOCIAL SURVEY (GSS) ID

V160001_orig	2016 CASE ID
Value Labels	-1. Inapplicable
Variable Note	This variable contains Case IDs only for re-interviewed respondents that participated in the 2016 Time Series study. GSS respondents were new to the 2020 Time Series study.

V200002	MODE OF INTERVIEW: PRE-ELECTION INTERVIEW
Value Labels	-1. Inapplicable

Variable Note	This variable captures the mode of interview for the pre-election survey. All cases are coded -1 (Inapplicable) since GSS respondents only completed the post. However, all GSS interviews were completed via the web instrument.

V200003 SAMPLE TYPE

Value Labels	1. General Social Survey (GSS)

V200004 COMPLETED PRE ONLY, POST ONLY, OR COMPLETED PRE AND POST INTERVIEWS

Value Labels	2. post-election interview (only) complete

V200005 CASE VALIDATION: ELIGIBILITY CONCERNS

Value Labels	-2. Case validation not conducted for General Social Survey (GSS) cases

V200006 CASE VALIDATION: ELIGIBILITY OUTCOME

Value Labels	-2. Case validation not conducted for General Social Survey (GSS) cases

V200007 CASE VALIDATION: PRE- AND POST-ELECTION SELECTION STATUS

Value Labels	-2. Case validation not conducted for General Social Survey (GSS) cases

V200008 CASE VALIDATION: VALIDATION STUDY OUTCOME

Value Labels	-2. Case validation not conducted for General Social Survey (GSS) cases

V200009 CORRECTIONS MADE TO PRELIMINARY DATA

Value Labels	-2. Case validation not conducted for General Social Survey (GSS) cases

WEIGHTING VARIABLES

V200017b GSS SAMPLE POST-ELECTION WEIGHT

V200017c GSS SAMPLE VARIANCE UNIT

V200017d GSS SAMPLE VARIANCE STRATUM

POST-ELECTION SURVEY VARIABLES

V202001	POST: R SELECT LANGUAGE
Question	Would you like to complete this survey in English or Spanish? ¿Quisiera completar esta encuesta en inglés o español?
Value Labels	1. English / ingles 2. Spanish / espanol
Survey Question(s)	STARTPO_LANGUAGESELECTPO

V202002a	POST: DOES R HAVE PARTICIPANT BOOKLET FOR PHONE IW
Question	We mailed you a booklet. It was enclosed with the letter inviting you to participate. It says “Post-Election Participant Booklet” on the cover. We need to use that booklet during the interview. Do you have it now?
Value Labels	-1. Inapplicable 1. R has booklet (paper or emailed) 2. R does not have paper or email booklet
Universe	IF INTERVIEW TYPE IS PHONE:
Survey Question(s)	BOOKLETPO_PHONE
Interviewer Instruction	{IF NECESSARY: You might find it easier if I email the booklet to you now. IF NECESSARY: ASK EMAIL ADDRESS AND SEND BOOKLET.}

V202002b	POST: CAN R SEE PARTICIPANT BOOKLET FOR VIDEO IW
Question	For some of the questions, I’ll share my screen and show you a card with all the answer categories listed. This will help you choose the best answer because you won’t have to try to remember all the choices as I read them. Can you see the “Post-Election Participant Booklet” now?

Value Labels	-1. Inapplicable 1. R sees booklet on screen or PDF {TURN OFF SCREEN SHARING} 2. R does not see booklet on screen or PDF {TURN OFF SCREEN SHARING}
Universe	IF INTERVIEW TYPE IS VIDEO:
Survey Question(s)	BOOKLETPO_VIDEO
Interviewer Instruction	{IF NECESSARY: You might find it easier if I email the booklet to you now. IF NECESSARY: ASK EMAIL ADDRESS AND SEND BOOKLET.}

INTRO POST-ELECTION SURVEY

[IF SELF-ADMINISTERED] Welcome back to the American National Election Studies for the second of two surveys. As you may remember, this research study is sponsored by Stanford University and the University of Michigan. Your participation is voluntary and you may decline to answer any questions you do not want to answer. The survey usually takes about 70 minutes. Your answers will be combined with other participants' answers to make a data file that will be shared with other researchers and used for future research. Your individual privacy will be maintained in all published and written data from the study.
If you are not satisfied with how this study is being conducted, or if you have any concerns, complaints, or general questions about the research or your rights as a participant, please contact the Stanford Institutional Review Board (IRB) to speak to someone independent of the research team at 650-723-2480 or email IRB2-Manager@lists.stanford.edu. You can also write to the Stanford IRB, Stanford University, 1705 El Camino Real, Palo Alto, CA 94306.
Please click Next to continue.

[IF INTERVIEWER-ADMINISTERED] Welcome back to the American National Election Studies for the second of two surveys.
As you may remember, when we invited you to participate we sent a page called "Answers to Questions about the Study." That explained this is a voluntary research study and the interview takes about an hour. If you did not see that "Answers to Questions" document, you

can look at it now before we begin, or I can answer any questions now.

V202003 POST: AUDIO RECORDING CONSENT

Question	This interview may be monitored for training and data quality purposes.
Value Labels	-1. Inapplicable
Universe	IF INTERVIEW TYPE IS VIDEO:
Survey Question(s)	CONSENTPO_AUDCONS

V202004 POST: DID PARTY CONTACT R ABOUT CAMPAIGN

Question	As you know, the political parties try to talk to as many people as they can to get them to vote for their candidate. Did anyone from one of the political parties call you up or come around and talk to you about the campaign this year?
Value Labels	-8. Don’t know -1. Inapplicable 1. Yes 2. No
Universe	IF R SELECTED FOR VERSION 1A OF VERSION 1A / VERSION 1B SPLICE:
Survey Question(s)	MOBILPO_PTYMOB
Randomization	Selection for question administered, MOBILPO_PTYMOB or MOBILPO_PTYMOBREV (Rand var randint_ptymob: 1=PTYMOB, 2=PTYMOBREV)

V202005 POST: DID PARTY CONTACT R ABOUT 2020 CAMPAIGN [REVISED]

Question	As you know, the political parties try to talk to as many people as they can to get them to vote for their candidate. Has anyone from one of the political parties called you up or come around and talked to you about the 2020 campaign, or has no one from the political parties talked to you?
Value Labels	-9. Refused -8. Don’t know -1. Inapplicable 1. Someone from the political parties talked to me about the 2020 campaign 2. No one from the political parties talked to me about the 2020 campaign
Universe	IF R SELECTED FOR VERSION 1B OF VERSION 1A / VERSION 1B SPLICE:
Survey Question(s)	MOBILPO_PTYMOBREV
Randomization	Selection for question administered, MOBILPO_PTYMOB or MOBILPO_PTYMOBREV (Rand var randint_ptymob: 1=PTYMOB, 2=PTYMOBREV)

V202006 POST: WHICH PARTY CONTACTED R ABOUT CAMPAIGN

Question	Which party was that?
Value Labels	-9. Refused -8. Don’t know -1. Inapplicable 1. Democrats 2. Republicans 3. Both {VOL} 5. Other {SPECIFY}
Universe	IF SOMEONE FROM POLITICAL PARTY CONTACTED R ABOUT CAMPAIGN:
Survey Question(s)	MOBILPO_WHPTYMOB

V202007	POST: SOMEONE NOT FROM TWO MAJOR PARTIES CONTACT R ABOUT SUPPORTING CANDIDATES
Question	Other than someone from the two major parties, did anyone else call you up or come around and talk to you about supporting specific candidates in this last election?
Value Labels	-9. Refused -8. Don’t know 1. Yes 2. No
Survey Question(s)	MOBILPO_OTHMOB

V202008	POST: ANYONE TALK TO R ABOUT REGISTERING OR GETTING OUT TO VOTE
Question	During the campaign this year, did anyone talk to you about registering to vote or getting out to vote?
Value Labels	-8. Don’t know 1. Yes, someone did 2. No, no one did
Survey Question(s)	MOBILPO_MOBREG

V202009	POST: R TALK TO ANYONE ABOUT VOTING FOR OR AGAINST A PARTY OR CANDIDATE
Question	We would like to find out about some of the things people do to help a party or a candidate win an election. During the campaign, did you talk to any people and try to show them why they should vote for or against one of the parties or candidates?
Value Labels	-9. Refused -1. Inapplicable 1. Yes 2. No

Survey Question(s)	MOBILPO_RMOB

V202010 POST: WEB ONLY: RMOB SPEEDING INTERVENTION - GENTLE PROMPT

Question	You seem to have responded very quickly. Please be sure you have given the question sufficient thought to provide an accurate answer. Do you want to go back and reconsider your answer?
Value Labels	-9. Refused -1. Inapplicable 1. Yes, go back 2. No, continue
Universe	IF R DESIGNATED FOR GENTLE PROMPT / IF R DESIGNATED FOR FAST THRESHOLD AND RMOB ANSWERED IN < 8 SECONDS / IF R DESIGNATED FOR SLOW THRESHOLD AND RMOB ANSWERED IN < 18.2 SECONDS:
Survey Question(s)	MOBILPO_RMOB2

V202011 POST: WEB ONLY: RMOB SPEEDING INTERVENTION - REDISPLAY RMOB

Question	We would like to find out about some of the things people do to help a party or a candidate win an election. During the campaign, did you talk to any people and try to show them why they should vote for or against one of the parties or candidates?
Value Labels	-1. Inapplicable 1. Yes 2. No
Universe	IF R DECIDES TO RECONSIDER ANSWER:
Survey Question(s)	MOBILPO_RMOB3

V202012 POST: WEB ONLY: RMOB SPEEDING INTERVENTION - PEREMPTORY PROMPT

Question	You seem to have responded very quickly. Please be sure you have given the question sufficient thought to provide an accurate answer. We would like to find out about some of the things people do to help a party or a candidate win an election. During the campaign, did you talk to any people and try to show them why they should vote for or against one of the parties or candidates?
Value Labels	-1. Inapplicable 1. Yes 2. No
Universe	IF R DESIGNATED FOR PEREMPTORY PROMPT / IF R DESIGNATED FOR FAST THRESHOLD AND RMOB ANSWERED IN < 8 SECONDS / IF R DESIGNATED FOR SLOW THRESHOLD AND RMOB ANSWERED IN < 18.2 SECONDS:
Survey Question(s)	MOBILPO_RMOB4

V202013 POST: R ATTEND ONLINE POLITICAL MEETINGS, RALLIES, SPEECHES, FUNDRAISERS

Question	Did you participate in any online political meetings, rallies, speeches, fundraisers, or things like that in support of a particular candidate?
Value Labels	1. Yes 2. No
Survey Question(s)	MOBILPO_RRALLYONLINE

V202014 POST: R GO TO ANY POLITICAL MEETINGS, RALLIES, SPEECHES, DINNERS

Question	Did you go to any political meetings, rallies, speeches, dinners, or things like that in support of a particular candidate?

Value Labels	-9. Refused 1. Yes 2. No
Survey Question(s)	MOBILPO_RRALLY

V202015 POST: R WEAR CAMPAIGN BUTTON OR POST SIGN OR BUMPER STICKER

Question	Did you wear a campaign button, put a campaign sticker on your car, or place a sign in your window or in front of your house?
Value Labels	-9. Refused 1. Yes 2. No
Survey Question(s)	MOBILPO_RBUTTN

V202016 POST: R DO ANY (OTHER) WORK FOR PARTY OR CANDIDATE

Question	Did you do any other work for one of the parties or candidates?
Value Labels	1. Yes 2. No
Survey Question(s)	MOBILPO_RCAMPWK

V202017 POST: R CONTRIBUTE MONEY TO INDIVIDUAL CANDIDATE RUNNING FOR PUBLIC OFFICE

Question	During an election year people are often asked to make a contribution to support campaigns. Did you give money to an individual candidate running for public office?
Value Labels	1. Yes 2. No

Survey Question(s)	MOBILPO_CTBCAND

V202018 RESTRICTED: POST: PARTY OF CANDIDATE FOR WHOM R CONTRIBUTED MONEY

Question	Which party did that candidate belong to?
Value Labels	-3. Restricted
Universe	IF R CONTRIBUTED MONEY TO INDIVIDUAL CANDIDATE:
Survey Question(s)	MOBILPO_CTBCNDPTY

V202019 POST: R CONTRIBUTE MONEY TO POLITICAL PARTY DURING THIS ELECTION YEAR

Question	Did you give money to a political party during this election year?
Value Labels	-9. Refused -8. Don’t know 1. Yes 2. No
Survey Question(s)	MOBILPO_CTBPTY

V202020 RESTRICTED: POST: PARTY TO WHICH R CONTRIBUTED

Question	To which party did you give money?
Value Labels	-3. Restricted
Universe	IF R CONTRIBUTED MONEY TO POLITICAL PARTY:
Survey Question(s)	MOBILPO_CTBWHPTY

V202021	POST: R CONTRIBUTE TO ANY OTHER GROUP THAT SUPPORTED OR OPPOSED CANDIDATES
Question	Did you give any money to any other group that supported or opposed candidates?
Value Labels	-9. Refused -8. Don’t know 1. Yes 2. No
Survey Question(s)	MOBILPO_CTBOTH

V202022	POST: R EVER DISCUSS POLITICS WITH FAMILY OR FRIENDS
Question	Do you ever discuss politics with your family or friends?
Value Labels	-9. Refused 1. Yes 2. No
Survey Question(s)	DISCUSS_DISC

V202023	POST: HOW MANY DAYS IN PAST WEEK DISCUSSED POLITICS WITH FAMILY OR FRIENDS
Question	How many days in the past week did you talk about politics with family or friends?
Value Labels	-9. Refused -1. Inapplicable 0. Zero days 1. One day 2. Two days 3. Three days 4. Four days 5. Five days 6. Six days 7. Seven days

Universe	IF EVER DISCUSSES POLITICS WITH FAMILY AND FRIENDS:
Survey Question(s)	DISCUSS_DISCPSTWK

V202024 POST: HAS R IN PAST 12 MONTHS: GOTTEN INTO A POLITICAL ARGUMENT

Question	During the past 12 months, have you ever gotten into a political argument with someone, or have you not done this in the past 12 months?
Value Labels	-9. Refused 1. Have done this in past 12 months 2. Have not done this in the past 12 months
Survey Question(s)	DISCUSS_EVERPOLARG

V202025 POST: HAS R IN PAST 12 MONTHS: JOINED A PROTEST MARCH, RALLY, OR DEMONSTRATION

Question	During the past 12 months, have you joined in a protest march, rally, or demonstration, or have you not done this in the past 12 months?
Value Labels	-9. Refused 1. Have done this in past 12 months 2. Have not done this in the past 12 months

INTRO POST-ELECTION POLITICAL FIGURE THERMOMETERS

I’d like to get your feelings toward some of our politicalleaders and other people who are in the news these days.I’ll read the name of a person and I’d like you to rate thatperson using something we call the feeling thermometer.
Ratings between 50 degrees and 100 degrees mean that you feel favorable and warm toward the person. Ratings between 0 degrees and 50 degrees mean that you don’t feel favorable toward the person and that you don’t care too much for that person. You would rate the person at the 50 degree mark if you don’t feel particularly warm or cold toward the person.
If we come to a person whose name you don’t recognize, youdon’t need to rate that person. Just tell me and we’ll move on to the next one.

V202143	POST: FEELING THERMOMETER: DEMOCRATIC PRESIDENTIAL CANDIDATE: JOE BIDEN
Question	On the feeling thermometer scale from 0 to 100, how would you rate Joe Biden?

V202206 POST: PARTY TO DEAL WITH MENTION 1 MIP

Question	Which political party do you think would be the most likely to get thegovernment to do a better job in dealing with this problem – the Democrats, the Republicans or wouldn't there be much difference between them?
Value Labels	-5. Interview breakoff (sufficient partial IW) -1. Inapplicable 1. Democrats 2. Republicans 3. Wouldn't be much difference
Universe	IF FIRST MENTION OF MOST IMPORTANT PROBLEM IS NOT DK, SK OR REFUSED:
Survey Question(s)	MIP_PROB1PTY
Randomization	Order of party names in question text (same order used for all mentions if R mentions more than 1 problem). Order of response options 1-2 (randomized same, do not use ballotcolor)
Response Order	Randomize 2 major parties

V202207 POST: MOST IMPORTANT PROBLEMS FACING THE COUNTRY - MENTION 2 [TEXT]

Question	Can you think of any other important problems facing this country? If so,please briefly mention one of them now.
Value Labels	-2. Open-end responses available in separate file
Universe	IF FIRST MENTION OF MOST IMPORTANT PROBLEM IS NOT DK, SK, OR REFUSED:
Survey Question(s)	MIP_PROB2
Interviewer Instruction	{CODE DK FOR DK. CODE RF FOR RF. PROBE IF THE ANSWER IS ONLY 1 OR TWO WORDS FOR A TOPIC SUCH AS 'EDUCATION' OR 'NUCLEAR POWER' BUT A PROBLEM RELATED TO THE TOPIC IS NOT SPECIFIED: Can you briefly tell me what is the problem with _____?'}

INTRO STEREOTYPE HARDWORKING

Now we have some questions about different groups in our society. We're going to describe a seven-point scale on which the characteristics of the people in a group can be rated. In the first statement a score of '1' means that you think almost all of the people in that group tend to be 'hard-working.' A score of '7' means that you think most people in the group are 'lazy.' A score of '4' means that you think that most people in the group are not closer to one end or the other, and of course, you may choose any number in between.

V202515	POST: STEREOTYPE: WHITES HARDWORKING
Question	On this scale from 1 to 7, where 1 means hard-working and 7 means lazy, where would you rate Whites in general on this scale?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. Hard-working 7. Lazy
Survey Question(s)	STYPEPO_HWKWHITE

V202516 POST: STEREOTYPE: BLACKS HARDWORKING

Question	On this scale from 1 to 7, where 1 means hard-working and 7 means lazy, where would you rate blacks in general on this scale?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. Hard-working 7. Lazy
Survey Question(s)	STYPEPO_HWKBLACK
Randomization	Order of hardworking stereotype groups after Whites

V202517 POST: STEREOTYPE: HISPANIC-AMERICANS HARDWORKING

Question	On this scale from 1 to 7, where 1 means hard-working and 7 means lazy, where would you rate Hispanic-Americans in general on this scale?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) -1. Inapplicable 1. Hard-working 7. Lazy
Universe	IF R SELECTED FOR HWKHISP:
Survey Question(s)	STYPEPO_HWKHISP
Randomization	Order of hardworking stereotype groups after Whites

V202518 POST: STEREOTYPE: HISPANICS HARDWORKING

Question	On this scale from 1 to 7, where 1 means hard-working and 7 means lazy, where would you rate Hispanics in general on this scale?

Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) -1. Inapplicable 1. Hard-working 7. Lazy
Universe	IF R SELECTED FOR HWKHISPREV:
Survey Question(s)	STYPEPO_HWKHISPREV
Randomization	Order of hardworking stereotype groups after Whites

V202519 POST: STEREOTYPE: ASIAN-AMERICANS HARDWORKING

Question	On this scale from 1 to 7, where 1 means hard-working and 7 means lazy, where would you rate Asian-Americans in general on this scale?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) -1. Inapplicable 1. Hard-working 7. Lazy
Universe	IF R SELECTED FOR HWKASIAN:
Survey Question(s)	STYPEPO_HWKASIAN
Randomization	Order of hardworking stereotype groups after Whites

V202520 POST: STEREOTYPE: ASIANS HARDWORKING

Question	On this scale from 1 to 7, where 1 means hard-working and 7 means lazy, where would you rate Asians in general on this scale?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) -1. Inapplicable 1. Hard-working 7. Lazy

Universe	IF R SELECTED FOR HWKASIANREV:
Survey Question(s)	STYPEPO_HWKASIANREV
Randomization	Order of hardworking stereotype groups after Whites

INTRO STEREOTYPE VIOLENT

The next set asks if people in each group tend to be ‘peaceful’ or ‘violent’.

V202521 POST: STEREOTYPE: WHITES VIOLENT

Question	On this scale from 1 to 7, where 1 means peaceful and 7 means violent, where would you rate whites in general on this scale?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. Peaceful 7. Violent
Survey Question(s)	STYPEPO_VIOLWHITE

V202522 POST: STEREOTYPE: BLACKS VIOLENT

Question	On this scale from 1 to 7, where 1 means peaceful and 7 means violent, where would you rate blacks in general on this scale?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. Peaceful 7. Violent
Survey Question(s)	STYPEPO_VIOLBLACK
Randomization	Order of peaceful stereotype groups after Whites

V202523 POST: STEREOTYPE: HISPANIC-AMERICANS VIOLENT

Question	On this scale from 1 to 7, where 1 means peaceful and 7 means violent, where would you rate Hispanic-Americans in general on this scale?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) -1. Inapplicable 1. Peaceful 7. Violent
Universe	IF R SELECTED FOR VIOLHISP:
Survey Question(s)	STYPEPO_VIOLHISP
Randomization	Order of peaceful stereotype groups after Whites

V202524 POST: STEREOTYPE: HISPANICS VIOLENT

Question	On this scale from 1 to 7, where 1 means peaceful and 7 means violent, where would you rate Hispanics in general on this scale?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) -1. Inapplicable 1. Peaceful 7. Violent
Universe	IF R SELECTED FOR VIOLHISPREV:
Survey Question(s)	STYPEPO_VIOLHISPREV
Randomization	Order of peaceful stereotype groups after Whites

V202525 POST: STEREOTYPE: ASIAN-AMERICANS VIOLENT

Question	On this scale from 1 to 7, where 1 means peaceful and 7 means violent, where would you rate Asian-Americans in general on this scale?

Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) -1. Inapplicable 1. Peaceful 7. Violent
Universe	IF R SELECTED FOR VIOLASIAN:
Survey Question(s)	STYPEPO_VIOLASIAN
Randomization	Order of peaceful stereotype groups after Whites

V202526 POST: STEREOTYPE: ASIANS VIOLENT

Question	On this scale from 1 to 7, where 1 means peaceful and 7 means violent, where would you rate Asians in general on this scale?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) -1. Inapplicable 1. Peaceful 7. Violent
Universe	IF R SELECTED FOR VIOLASIANREV:
Survey Question(s)	STYPEPO_VIOLASIANREV
Randomization	Order of peaceful stereotype groups after Whites

INTRO DISCRIMINATION IN THE U.S.

For each of the following groups, how much discrimination is there in the United States today?

V202527 POST: DISCRIMINATION IN THE US AGAINST BLACKS

Question	Blacks
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. A great deal 2. A lot 3. A moderate amount 4. A little 5. None at all
Survey Question(s)	DISCRIM_DISCBLCK
Randomization	Items divided into two groups to display in two grids. Order of items in each grid randomized. Group 1: DISCBLCK, DISCHISP, DISCASIAN, DISCWHT, DISCMUSL, DISCTIAN; Group 2: DISCGAY, DISCWOM, DISCMEN, DISCTRANS.
Response Order	Forward/Reverse order

V202528 POST: DISCRIMINATION IN THE US AGAINST HISPANICS

Question	Hispanics
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. A great deal 2. A lot 3. A moderate amount 4. A little 5. None at all
Survey Question(s)	DISCRIM_DISCHISP
Randomization	Items divided into two groups to display in two grids. Order of items in each grid randomized. Group 1: DISCBLCK, DISCHISP, DISCASIAN, DISCWHT, DISCMUSL, DISCTIAN; Group 2: DISCGAY, DISCWOM, DISCMEN, DISCTRANS.
Response Order	Forward/Reverse order

V202529 POST: DISCRIMINATION IN THE US AGAINST ASIANS

Question	Asians

Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. A great deal 2. A lot 3. A moderate amount 4. A little 5. None at all
Survey Question(s)	DISCRIM_DISCASIAN
Randomization	Items divided into two groups to display in two grids. Order of items in each grid randomized. Group 1: DISCBLCK, DISCHISP, DISCASIAN, DISCWHT, DISCMUSL, DISCTIAN; Group 2: DISCGAY, DISCWOM, DISCMEN, DISCTRANS.
Response Order	Forward/Reverse order

V202530 POST: DISCRIMINATION IN THE US AGAINST WHITES

Question	Whites
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. A great deal 2. A lot 3. A moderate amount 4. A little 5. None at all
Survey Question(s)	DISCRIM_DISCWHT
Randomization	Items divided into two groups to display in two grids. Order of items in each grid randomized. Group 1: DISCBLCK, DISCHISP, DISCASIAN, DISCWHT, DISCMUSL, DISCTIAN; Group 2: DISCGAY, DISCWOM, DISCMEN, DISCTRANS.
Response Order	Forward/Reverse order

V202531 POST: DISCRIMINATION IN THE US AGAINST MUSLIMS

Question	Muslims

Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. A great deal 2. A lot 3. A moderate amount 4. A little 5. None at all
Survey Question(s)	DISCRIM_DISCMUSL
Randomization	Items divided into two groups to display in two grids. Order of items in each grid randomized. Group 1: DISCBLCK, DISCHISP, DISCASIAN, DISCWHT, DISCMUSL, DISCTIAN; Group 2: DISCGAY, DISCWOM, DISCMEN, DISCTRANS.
Response Order	Forward/Reverse order

V202532 POST: DISCRIMINATION IN THE US AGAINST CHRISTIANS

Question	Christians
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. A great deal 2. A lot 3. A moderate amount 4. A little 5. None at all
Survey Question(s)	DISCRIM_DISCXTIAN
Randomization	Items divided into two groups to display in two grids. Order of items in each grid randomized. Group 1: DISCBLCK, DISCHISP, DISCASIAN, DISCWHT, DISCMUSL, DISCTIAN; Group 2: DISCGAY, DISCWOM, DISCMEN, DISCTRANS.
Response Order	Forward/Reverse order

V202533 POST: DISCRIMINATION IN THE US AGAINST GAYS AND LESBIANS

Question	Gays and lesbians

Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. A great deal 2. A lot 3. A moderate amount 4. A little 5. None at all
Survey Question(s)	DISCRIM_DISCGAY
Randomization	Items divided into two groups to display in two grids. Order of items in each grid randomized. Group 1: DISCBLCK, DISCHISP, DISCASIAN, DISCWHT, DISCMUSL, DISCTIAN; Group 2: DISCGAY, DISCWOM, DISCMEN, DISCTRANS.
Response Order	Forward/Reverse order

V202534 POST: DISCRIMINATION IN THE US AGAINST WOMEN

Question	Women
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. A great deal 2. A lot 3. A moderate amount 4. A little 5. None at all
Survey Question(s)	DISCRIM_DISCWOM
Randomization	Items divided into two groups to display in two grids. Order of items in each grid randomized. Group 1: DISCBLCK, DISCHISP, DISCASIAN, DISCWHT, DISCMUSL, DISCTIAN; Group 2: DISCGAY, DISCWOM, DISCMEN, DISCTRANS.
Response Order	Forward/Reverse order

V202535 POST: DISCRIMINATION IN THE US AGAINST MEN

Question	Men

Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. A great deal 2. A lot 3. A moderate amount 4. A little 5. None at all
Survey Question(s)	DISCRIM_DISCMEN
Randomization	Items divided into two groups to display in two grids. Order of items in each grid randomized. Group 1: DISCBLCK, DISCHISP, DISCASIAN, DISCWHT, DISCMUSL, DISCTIAN; Group 2: DISCGAY, DISCWOM, DISCMEN, DISCTRANS.
Response Order	Forward/Reverse order

V202536 POST: DISCRIMINATION IN THE US AGAINST TRANSGENDER PEOPLE

Question	Transgender people
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. A great deal 2. A lot 3. A moderate amount 4. A little 5. None at all
Survey Question(s)	DISCRIM_DISCTRANS
Randomization	Items divided into two groups to display in two grids. Order of items in each grid randomized. Group 1: DISCBLCK, DISCHISP, DISCASIAN, DISCWHT, DISCMUSL, DISCTIAN; Group 2: DISCGAY, DISCWOM, DISCMEN, DISCTRANS.
Response Order	Forward/Reverse order

V202537 POST: HOW MUCH DISCRIMINATION HAS R FACED PERSONALLY BECAUSE OR RACE/ETHNICITY

Question	How much discrimination have you personally faced because of yourethnicity or race?

Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. A great deal 2. A lot 3. A moderate amount 4. A little 5. None at all
Survey Question(s)	DISCRIM_DISCPERS
Response Order	Forward/Reverse order

V202538 POST: HOW MUCH DISCRIMINATION HAS R FACED BECAUSE OF GENDER

Question	How much discrimination have you personally experienced because of your sex or gender?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. A great deal 2. A lot 3. A moderate amount 4. A little 5. None at all
Survey Question(s)	DISCRIM_SELFGENDER

V202539 POST: HAS R EXPERIENCED HARRASSMENT AT WORK

Question	Have you ever personally experienced sexual harassment at work, or not?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 1. Have 2. Have not
Survey Question(s)	DISCRIM_SEXHARASS

V202540 POST: HOW OFTEN HAS R EXPERIENCED HARRASSMENT AT WORK

Question	How often have you personally experienced sexual harassment at work?
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) -1. Inapplicable 1. Once 2. A few times 3. Many times
Universe	IF R EXPERIENCED SEXUAL HARASSMENT AT WORK:
Survey Question(s)	DISCRIM_SEXHARASSAMT

V202541a POST: WHICH SOCIAL MEDIA PLATFORMS R VISITED - FACEBOOK

Question	Which social media platforms have you visited in the past year? Please tell me any that apply.
Value Labels	-9. Refused -5. Interview breakoff (sufficient partial IW) 0. Not mentioned 1. Mentioned
Survey Question(s)	SOCMEDIA_SOCMEDTYPE

Universe	IF R IS IN GSS SAMPLE:
Survey Question(s)	GSS_JUSTIFIEDGSS

INTRO HEALTH INSURANCE ISSUE

There is much concern about the rapid rise in medical and hospital costs.
Some people feel there should be a government insurance plan which would cover all medical and hospital expenses for everyone. Suppose these people are at one end of a scale, at point 1.
Others feel that all medical expenses should be paid by individuals through private insurance plans like Blue Cross or other company paid plans. Suppose these people are at the other end, at point 7.
And, of course, some other people have opinions somewhere in between, at points 2, 3, 4, 5, or 6.

V202580 POST: GSS: 7PT SCALE GOVERMENT-PRIVATE MEDICAL INSURANCE SCALE: SELF-PLACEMENT

Question	Where would you place yourself on this scale, or haven't you thought much about this? Click below to make your choice.
