matt.lamb@ttu.edu

1. This replication file includes Stata and R script code to reproduce the analyses, figures, and tables in "Logging in to Learn: The Effects of Online Civic Education Pedagogy on a Latinx and AAPI Civic Engagement Youth Conference."
2. The file "Replication File for Logging In To Learn_Plot.R" is used to recreate Figures 1, Figure 2, and Figure 3 and requires R. Reproducing the plots with this code requires datasets "YAS.2019.tab" and "YAS 2020.tab". It will require the user to download the packages "readstata13", "MASS", "gplots", "colorspace", "ggplot2", "reshape2", "margins", "data.table". The code to download these packages are written in the R script file.
3. The file "diffindiff.do" requires the dataset labeled CombinedSubsetData_Anon.xlsx and is used to recreate Table 2 in the manuscript. It requires Stata.
4. The data file "SupplementaryAppendixReproduction.do" requires the datasets "YAS 2020.tab" and "YAS2019.tab" and can be used to recreate the Tables A1 – A7 in the appendix. It requires Stata.
