Replication Instructions

Replication Materials

The replication package includes the following files:

- Stata dataset files:
  - SenateChamberSeniorityAtAssignment.dta
  - SenateDemocratCommitteeRequests.dta
  - SenateRepublicanCommitteeRequests.dta

- Stata .do file for replicating all tables and figures in the main text and appendix: – Replication file PSRM-2024-0085.R1.do
  - SenateCommitteeAssignments.do
  - SenateDemocratCommitteeRequests.do
  - SenateRepublicanCommitteeRequests.do

To replicate the results:

  - Use SenateCommitteeAssignments.do to replicate Tables A5, A6, A7, A8, and Figure C1.
  - Use SenateDemocratCommitteeRequests to replicate Figure 1 and Table A4
  - Use SenateRepublicanCommitteeRequests.do to replicate Figure A1.

Open Stata and run the provided .do files in the main directory of this replication package.

Machine Information

- Operating System: macOS Ventura 13.6
- RAM: 64.0 GB

Software Information

- Stata Version: Stata 17.0
