Background Statement Concerning the Agreement
Between the United States and Greece
for Cooperation in the Global Learning
and Observations to Benefit the Environment (GLOBE) Program,
with appendices.
Signed at Athens Dec. 12, 1995.

RELEASE IN FULL

This agreement provides the framework for cooperation between the United States and Greece in the GLOBE program. The GLOBE program is an initiative of Vice President Gore, designed to increase awareness of students around the world about the global environment and involve them in an effort to increase scientific understanding of the earth.

Legal Authority: Article II, section 1 of the Constitution; section 102(F) of the National Environmental Policy Act of 1969, 42 USC 4332(2)(F).
