ENERGY STAR® STATE APPLIANCE REBATE PROGRAM

As part of the American Recovery and Reinvestment Act of 2009, the U.S. Department of Energy is providing funding to states and territories to support consumer rebate programs for ENERGY STAR qualified appliances. Under these programs, consumers can receive rebates to purchase energy-efficient appliances when they replace used appliances. Eligibility guidelines, covered products, and rebate amounts differ by state, so consumers should review program requirements carefully.

ELIGIBILITY

Applicants must be Georgia residents who are 18 years or older. Applicants are required to certify that the new ENERGY STAR appliance replaces an existing appliance. Recycling of replaced refrigerators and freezers is required; recycling of all other replaced appliances is strongly encouraged. Purchases must be made from a Georgia retailer. Limit one rebate per product per address; maximum rebate total per household not to exceed $1,200. Rebates not available for landlords purchasing appliances for rental property. Online and out-of-state purchases do NOT qualify for rebate.
