ENERGY STAR® STATE APPLIANCE REBATE PROGRAM

As part of the American Recovery and Reinvestment Act of 2009, the U.S. Department of Energy is providing funding to states and territories to support consumer rebate programs for ENERGY STAR qualified appliances. Under these programs, consumers can receive rebates to purchase energy-efficient appliances when they replace used appliances. Eligibility guidelines, covered products, and rebate amounts differ by state, so consumers should review program requirements carefully.

REBATES AVAILABLE

Instant rebates are available during one-day sales events at participating retailer locations, listed in the HOW TO APPLY section of this fact sheet. Rebate amounts have increased so consumers that already received rebates are eligible for the difference. The previous phase of this program began on May 3, 2010 and ended on June 14, 2010. For program details, visit www.cnmienergy.com.

PRODUCT	REQUIREMENTS	AMOUNT

ELIGIBILITY

Appliances may only be purchased for residential use in the CNMI. Individuals that have received a refrigerator or room air conditioner under the CNMI Weatherization Assistance Program are not eligible for rebates. Limit one rebate voucher per product type per household. Applicant must agree to surrender their used appliance(s) replaced through this program to a registered participating retailer upon installation and delivery of new appliance(s). Applicants must provide directions to their residence in order for the retailer to pick up the used appliance(s).
