ENERGY STAR® STATE APPLIANCE REBATE PROGRAM

As part of the American Recovery and Reinvestment Act of 2009, the U.S. Department of Energy is providing funding to states and territories to support consumer rebate programs for ENERGY STAR qualified appliances. Under these programs, consumers can receive rebates to purchase energy-efficient appliances when they replace used appliances. Eligibility guidelines, covered products, and rebate amounts differ by state, so consumers should review program requirements carefully.

HOW TO APPLY

Rebate forms and instructions can be obtained at the time of appliance purchase. Consumers may reserve rebates by completing an online application at the program sponsor Web site. Rebate application must include original store receipt and must be postmarked no later than 30 days from the date of purchase. Rebates will be processed on a first-come, first-served basis. Rebates will be issued to consumers 2-4 weeks after submission of application. Online applications will not be processed until original store receipt is received by mail.

Consumers can access application information on rebates by visiting the Department of Economic and Community Affairs Web site.
