ENERGY STAR® STATE APPLIANCE REBATE PROGRAM

As part of the American Recovery and Reinvestment Act of 2009, the U.S. Department of Energy is providing funding to states and territories to support consumer rebate programs for ENERGY STAR qualified appliances. Under these programs, consumers can receive rebates to purchase energy-efficient appliances when they replace used appliances. Eligibility guidelines, covered products, and rebate amounts differ by state, so consumers should review program requirements carefully.

REBATES AVAILABLE

Joplin residents who survived the tornadoes on May 22, 2011 are eligible for rebates to replace older, inefficient appliances with new, ENERGY STAR® qualified appliances. Rebates are available at the time of purchase through five participating Joplin retailers starting November 12, 2011. The program will end when funds run out or February 17, 2012, whichever comes first. In a previous round, rebates were available more broadly beginning April 19, 2010 through October 10, 2010. Before making a purchase, confirm funding and requirements at the program sponsor listed in the HOW TO APPLY section or call 800-361-4827.

ELIGIBILITY

Must be 18 years of age or older, a resident of the Joplin, Missouri, area, and eligible for disaster recovery assistance. Product must be purchased from a participating Joplin retailer. A copy of the letter from the Federal Emergency Management Administration (FEMA) to the applicant stating assistance eligibility is acceptable. Participants are limited to one rebate for each product type and to a total of $500. Applicant must be the owner of the property for all appliances; owners of multi-family units or rental properties and landlords are not eligible to participate in this program. Applicant must not have received full reimbursement for appliance replacement through insurance; and if the applicant received partial insurance reimbursement, the sum of insurance coverage and this rebate must not exceed the purchase cost of the appliance.
