U.S. DEPARTMENT OF ENERGY | Energy Efficiency & Renewable Energy

ENERGY STAR® STATE APPLIANCE REBATE PROGRAM

As part of the American Recovery and Reinvestment Act of 2009, the U.S. Department of Energy is providing funding to states and territories to support consumer rebate programs for ENERGY STAR qualified appliances. Under these programs, consumers can receive rebates to purchase energy-efficient appliances when they replace used appliances. Eligibility guidelines, covered products, and rebate amounts differ by state, so consumers should review program requirements carefully.

NEW HAMPSHIRE

New Hampshire Office of Energy and Planning

REBATES AVAILABLE - WAITLIST ONLY

Rebates for all products but solar water heaters began on April 19, 2010. By November 9, 2010, funding for gas water heaters and gas and oil furnaces and boilers had been depleted. Solar water heater rebates began April 21, 2010. As of July 19, 2011, all rebates for solar water heaters had been reserved, but consumers can join a waitlist in case additional funding becomes available. Before making a purchase, confirm funding and requirements with the program sponsor listed in the HOW TO APPLY section.

PRODUCT		REQUIREMENTS	AMOUNT
BOILERS	Gas (CLOSED)	~~ENERGY STAR qualified. The Annual Fuel Utilization Efficiency (AFUE) must be at least 85%.~~	~~$500~~
		~~The Annual Fuel Utilization Efficiency (AFUE) must be at least 90%.*~~	~~$1,000~~
	Oil (CLOSED)	~~ENERGY STAR qualified. The Annual Fuel Utilization Efficiency (AFUE) must be at least 85%.~~	~~$500~~
		~~The Annual Fuel Utilization Efficiency (AFUE) must at least 90%.*~~	~~$1,000~~
	Reset Controls (CLOSED)	~~Must be installed with an energy-efficient gas or oil boiler with the requirements listed above.~~	~~$100~~
FURNACES	Gas (CLOSED)	~~ENERGY STAR qualified. Has an Annual Fuel Utilization Efficiency (AFUE) of at least 90%.~~	~~$300~~
		~~Has an Annual Fuel Utilization Efficiency (AFUE) greater than 90% with an Electronic Control Motor (ECM).*~~	~~$400~~
	Oil (CLOSED)	~~ENERGY STAR qualified. The Annual Fuel Utilization Efficiency (AFUE) must be at least 85%.~~	~~$300~~
		~~Has an Annual Fuel Utilization Efficiency (AFUE) of at least 85% with an Electronic Control Motor (ECM).*~~	~~$400~~

continued >

WATER HEATERS	Gas Storage (CLOSED)	~~ENERGY STAR qualified. Has an Energy Factor (EF) of at least 0.62.~~	~~$100~~
	Gas Tankless (CLOSED)	~~ENERGY STAR qualified. Has an Energy Factor (EF) of at least 0.82.~~	~~$300~~
	Solar, Electric Backup	Must have OG-300 or OG-100 certification from the Solar Rating and Certification Corporation. Must include a warranty of 10 or more years on solar collector, 6 or more years on storage tank, 2 or more years on controls, and 1 or more years on piping and parts.	$2,000
	Solar, Gas Backup	Must have OG-300 or OG-100 certification from the Solar Rating and Certification Corporation. Must include a warranty of 10 or more years on solar collector, 6 or more years on storage tank, 2 or more years on controls, and 1 or more years on piping and parts.	$2,000
	Solar, Indirect Backup	Must have OG-300 or OG-100 certification from the Solar Rating and Certification Corporation. Must include a warranty of 10 or more years on solar collector, 6 or more years on storage tank, 2 or more years on controls, and 1 or more years on piping and parts.	$2,000

*Exceeds current ENERGY STAR criteria.

HOW TO APPLY

Appliance rebates will be issued to consumers 30 to 45 days after receipt of an application packet including name, address, utility account number, appliance installed, date installed, receipt of purchase, and location where the replaced appliance was recycled. Rebates will be paid on a first-come, first-served basis.

Prior to purchase of solar thermal products, consumers must submit an application packet including such system details as manufacturer, model name/number, and design criteria. Consumers may proceed with their purchase once they have received approval of the initial application. Rebates will be issued to consumers 30 to 45 days after a second application packet is submitted by mail. Rebates will be paid on a first-come, first-served basis.

For more information: www.nh.gov/oep/recovery/seearp.htm

ELIGIBILITY

Consumers must live in New Hampshire. Rebates are only available for equipment used in primary residences. Solar thermal systems must be certified by the Solar Rating and Certification Corporation. Limit one rebate per appliance category per household. Consumers participating in the weatherization services of Home Performance with ENERGY STAR are not eligible. Business, non-profit, and government organizations, and new construction projects are not eligible.
