U.S. DEPARTMENT OF ENERGY | Energy Efficiency & Renewable Energy

ENERGY STAR® STATE APPLIANCE REBATE PROGRAM

As part of the American Recovery and Reinvestment Act of 2009, the U.S. Department of Energy is providing funding to states and territories to support consumer rebate programs for ENERGY STAR qualified appliances. Under these programs, consumers can receive rebates to purchase energy-efficient appliances when they replace used appliances. Eligibility guidelines, covered products, and rebate amounts differ by state, so consumers should review program requirements carefully.

OHIO

Ohio Energy Office, Ohio Department of Development

REBATES AVAILABLE

A new round of rebates for qualified furnaces, boilers, and air-source heat pumps are available specifically to eligible low-income Ohio residents through Ohio's Home Weatherization Assistance Program (HWAP). Products purchased and installed by HWAP providers after August 8, 2011 are eligible. The program will continue until funds are exhausted or January 31, 2012, whichever comes first. In a previous round, rebates were available more broadly from March 26, 2010 to September 2, 2010. Before making a purchase, confirm funding and requirements at www.OhioApplianceRebate.com.

PRODUCT		REQUIREMENTS	AMOUNT
PHASE 2: For qualified low-income residents for products purchased after August 8, 2011.			
BOILERS	Gas	ENERGY STAR qualified.*	100% of equipment price.

WATER HEATERS	Electric Heat Pump (CLOSED)	~~ENERGY STAR qualified.~~	~~$250~~
	Gas Storage (CLOSED)	~~ENERGY STAR qualified.~~	~~$100~~

HOW TO APPLY

Low-income Ohio residents interested in this program should contact the Ohio Home Weatherization Assistance Program (HWAP) for eligibility and voucher application information. Rebates will be available on a first-come, first-served basis.

For more information: www.OhioApplianceRebate.com

ELIGIBILITY

Phase 2 of this program is limited to low-income Ohio residents who must have a valid Ohio street address. HWAP Providers will identify eligible residents and install the appliances to replace existing equipment that is damaged, that poses a health hazard, and may be open to units that have a low efficiency rating if funds can be leveraged from HWAP or other sources to cover installation costs. HWAP Providers must self-certify that they recycled the replaced appliances. Limit one rebate per household.
