U.S. DEPARTMENT OF ENERGY | Energy Efficiency & Renewable Energy

ENERGY STAR® STATE APPLIANCE REBATE PROGRAM

As part of the American Recovery and Reinvestment Act of 2009, the U.S. Department of Energy is providing funding to states and territories to support consumer rebate programs for ENERGY STAR qualified appliances. Under these programs, consumers can receive rebates to purchase energy-efficient appliances when they replace used appliances. Eligibility guidelines, covered products, and rebate amounts differ by state, so consumers should review program requirements carefully.

KANSAS

Kansas Housing Resources Corporation

REBATES AVAILABLE - PROGRAM CLOSED

Rebates began on December 15, 2009, and ended on January 28, 2010.

PRODUCT	REQUIREMENTS	AMOUNT
Air Conditioners (Room)	ENERGY STAR qualified.	$200
Clothes Washers	Has a Modified Energy Factor (MEF) of at least 2.0. Has a Water Factor (WF) of not more than 6.0.*	$800
Dishwashers	Uses no more than 307 kWh per year. Uses no more than 5 gallons of water per cycle.*	$400
Freezers	ENERGY STAR qualified.	$600
Refrigerators	ENERGY STAR qualified.	$700

*Exceeds current ENERGY STAR criteria.

PROGRAM CLOSED

HOW TO APPLY

The state will mail voucher applications and information to qualified consumers. Consumers may redeem rebate vouchers at participating retailers. Rebates will be processed on a first-come, first-served basis.

Kansas will use a preexisting list of applications generated from another state energy efficient initiative launched earlier this year to initiate the State Energy Efficient Appliance Rebate Program. Beginning January 19, 2010, depending on funding availability, Kansas will accept new applications from eligible, low-income individuals who meet the 75% state median income qualification.

For more information: www.kshousingcorp.org

ELIGIBILITY: LOW-INCOME

Rebates are available only to low-income Kansas residents who replace an appliance that is at least 10 years old. Vendors must recycle the old appliances.
