Codebook for the Original Data in the Article "Two Questions of Sovereignty: China and the Third World Countries in the United Nations General Assembly (1971-1990)"
Version: February 5, 2024

Tomoko TAKAHASHI*
Kyoto University, Japan

- **Article**

Takahashi, Tomoko. 2025. "Two Questions of Sovereignty: China and the Third World Countries in the United Nations General Assembly (1971-1990)", *Global Studies Quarterly.*

- **Original Data**
  - My original data is on Group of 77 membership, Non-Aligned Movement membership and One China Policy choices for each United Nations General Assembly (UNGA) member by year (1971-1990).
  - The actual article combines the abovementioned data to the UNGA voting data from the following, and calculates the ratio of those that sided with the People's Republic of China by resolution.
    - Voeten, Erik, Anton Strezhnev and Michael Bailey. 2009, "United Nations General Assembly Voting Data", https://doi.org/10.7910/DVN/LEJUQZ, Harvard Dataverse, V29. (Dataset.) / Voeten, Erik, Anton Strezhnev and Michael Bailey. 2009. "United Nations General Assembly Voting Data", https://doi.org/10.7910/DVN/LEJUQZ, *Harvard Dataverse,* V29; UNVotes.RData [fileName] (File.)

- **Variables**
  - member
    - Whether the country in question was a UNGA member in that year (1=yes, 0=no, or NA=country was not existent)
    - Sources: United Nations, "Member States", accessed on February 5, 2025 at: https://www.un.org/en/about-us/member-states.
  - Country/ CountryName
    - The country by ISO 3166-1 (alpha-3), and its full name.
  - g77
    - Whether the country in question was a Group of 77 member in that year
      - If member=NA (i.e., country was not existent), g77=NA
      - If member=0 or 1, g77=0 (not a G77 member) or 1 (a G77 member)
    - Sources:
      - Newspapers, web media, and governmental documents (available per country on request).
      - Ahmia, Mourad ed. 2015. *The Collected Documents of the Group of 77* (The Group of 77 at the United Nations Third Series) Volume VI, Fiftieth Anniversary Edition, New York: Oxford University Press.
  - nam
    - Whether the country in question was a Non-Aligned Movement member in that year
      - If member=NA (i.e., country was not existent), nam=NA
      - If member=0 or 1, nam=0 (not a NAM member) or 1 (a NAM member)
    - Sources:
      - Newspapers, web media, and governmental documents (available per country on request).
