DEFINITION OF A HOUSEHOLD

A household consists of a person or group of related or unrelated persons:

1. Who live together in the same housing unit,
2. Who acknowledge one adult male or female as the head of the household,
3. Who share the same housekeeping and cooking arrangements,
4. and are considered as one unit.

In some cases, one may find a group of people living together in the same house, but each person has separate eating arrangement. They should be counted as separate one-person households.Remember that not all related persons living in a house form one household, and that more than one household may live in the same house but one household cannot live in two different houses.

Evaluating The Hunger Project Epicenter Scale-up Project
HOUSEHOLD CONSENT FORM
Innovations for Poverty Action

- My name is _____ and I work for Innovations for Poverty Action (IPA), an international NGO with offices in Accra, Tamale and Kumasi.
- In 2008, you and members of your household were invited to participate in an evaluation study of an NGO called The Hunger project (THP). During that period, a member of this evaluation study collected information regarding the education, health, finances and various other livelihood aspects of you and several members of your household.
- I would like to collect similar information as part of the final stage to this evaluation study. If you and members of your household agree to participate in this survey, I will be asking many detailed questions about such things as who lives in your household, the education and health of you, your children and others in the household, employment and sources of income, types and amounts of goods you buy as well as a costs and sales of any household businesses and agricultural harvests. With your permission we will also be measuring the weight and height of any children ages 12 years and younger in the household.
- The interview should take approximately 2 hours and 30 minutes to complete.
- Although this study may not benefit you personally, we hope that the results will help develop and inform policies that improve the economic and social conditions of Ghana and other countries facing similar issues.
- **Participation in this evaluation study is completely voluntary. If you agree to participate, you may refuse to answer any of the questions we ask and you may stop me at any time to ask questions or to end the interview completely. Your participation in this study will be confidential and the answers you provide will be stored securely in the offices of Innovations for Poverty Action.**
- **Your name and any other identifying information will be accessible only to the researchers and will never appear in any sort of report that might be published. No one except the researchers will know whether you participated or not, and your participation will not affect your relationship with The Hunger Project or any other organization.**
- If you have any other problems or questions, do not hesitate to contact our Project Associate, Alexis Devonish, using the following information:
    - Innovations for Poverty Action (IPA) P.O. Box 1272..Telephone Number: (+223) 241-134-073
- If you think I have addressed all your questions about this study, please tell me, do you agree to participate in the interview?

(ENUMERATOR: must mark a "yes" or "no" even if the consent is done verbally. The enumerator must initial the form on behalf of the respondent if they are unable to do so and there is no equipment to use a thumbprint.)

Section 1 - HOUSEHOLD ROSTER

HHID: W____|D____|____||____||____||____||____|HH|____||____||____||____|

SURVEYOR: Confirm the Household names given by your Team Leader with the Household Head. If the names are recognized, please list them accordingly in the roster below. These will be considered the "preloaded members". The Household Head should be recorded in Line 1 and the Spouse (if any) should be recorded in Line 2. Once you have listed the "preloaded members" you should then list other members of the household that were not recorded.

SECTION H: PLOTS

To be asked of the Household Head and RESPONDENT2 about PLOTS CULTIVATED DURING THE 2013 MAJOR FARMING SEASON. RESPONDENT2 is the spouse or anyone in the household who is also a primary decision maker on plots. Do NOT repeat plots that are farmed by more than one household member. IF RESPONDENT2 is unavailable, please schedule another time to meet OR if he/she will not return, then ask the Household Head if he/she can answer the detailed questions about RESPONDENT2's plots.

H1	**Does the Household Head or RESPONDENT2 have any plots that they are cultivating during the 2013 farming season?**	**1 = Yes** **5 = No (>> Section O)**

DEFINITION OF A PRIMARY DECISION MAKER FOR A PLOT:

1 Determines which crops to plant on the plot
2 Is financially responsible for the plot
3 If a plot is intercropped, the person responsible for the main crop (not intercropped) is the primary decision maker
4 If a plot is shared (NOT INTERCROPPED) within household members, whoever cultivates the most acres is the primary decision maker
5 If a plot is shared (NOT INTERCROPPED) with someone outside the household, whoever is in the household is the primary decision maker

PLOT ID	H2 What name do you normally use to refer to this plot? *Each respondent should answer for their own plot.*	H3 Which person in your household makes primary decisions about this plot, such as which crops to plant? MEMBER ID

H4	**IF H1_1=1 PROMPT:** Did you include all cultivated plots managed by other members of this household, including your wife/wives and you are the primary decision maker of those plots?	1 = Yes, I included them 5 = No, there are none 7 = I forgot, I need to include them (->H2)
H5	**PROMPT:** Did you include any outside garden(s) and plots where only a portion of the whole plot will be cultivated?	1 = Yes, I included them 5 = No, there are none 7 = I forgot, I need to include them (->H2)
H6	**PROMPT:** Did you include any of your plot(s) that anyone (including family outside this household, friends, neighbors or people outside your community) begged you to cultivate this year?	1 = Yes, I included them 5 = No, there are none 7 = I forgot, I need to include them (->H2)
H7	**PROMPT:** Did you include any other plot(s) which you or a member of your household have begged to farm but do not own or have the long-term right to farm?	1 = Yes, I included them 5 = No, there are none 7 = I forgot, I need to include them (->H2)
H8	**PROMPT:** Did you include all tree crops such as cocoa and palm nut which may have been planted some time ago but will be cultivated (chemical spraying, etc.) during this 2013 major farming season?	1 = Yes, I included them 5 = No, there are none 7 = I forgot, I need to include them (->H2)

SECTION H: PLOTS, CONTINUED

SURVEYOR: Household Head should be asked of his/her own plots and RESPONDENT 2 should be asked of his/her own plots.

Plot ID	H9		H10							H11		H12						H13	
	How many acres of this plot did you or a member of your household **CULTIVATE during the (2013) farming season**? *For tree crops (such as cocoa), this refers to the total acreage that the tree crop is planted on*		What crops are you growing on this plot during the (2013) farming season?							List up to two **MAIN** crops growing on this plot during the (2013) season? Use codes		How would you describe the soil of this plot?						How far is this plot from your home?

SECTION L: CHEMICAL INPUTS

READ: Now I'd like to ask about chemicals (such as fertilizer, weedicide, pesticide) you used during the 2013 farming season..

SURVEYOR: Household Head should be asked of his/her own plots and RESPONDENT 2 should be asked of his/her own plots.

L1	During the 2013 farming season have you applied any chemicals such as fertilizer, weedicide, insecticide or pesticide to any of your plots?	1= Yes 5= No (-> SECTION O)

Complete one line for each type of chemical used on all cultivated plots

CHEMICAL	L2		L3		L4		L5		L6	L7		L8	
	What is the type of chemical? *See codes below*		What is the brand name of the chemical? *See codes below* 98 = Don't Know		How much chemical have you used since the beginning of the 2013 major season rains to June 17th, 2013?		**If some or all of the chemical was purchased:** What was the total value of the chemical you used during this 2013 farming season? *Enter the total value of chemicals USED*		Did you purchase this chemical at a subsidized rate? Yes = 1 No = 5	How much did you pay for all the chemical you purchased?		From where did you purchase the chemical? *Select all that apply*
