Mon State Rural Household Survey, May-June 2015

The Republic of the Union of Myanmar

Myanmar Development Resource Institute Center for Economic and Social Development (MDRI-CESD)
International Food Policy Research Institute • Michigan State Universityh

My name is [name of enumerator] and I would like to interview your household for a survey that is being conducted by researchers from the Myanmar Development Resource Institute (MDRI), the International Food Policy Research Institute and Michigan State University. This survey aims to provide researchers with a detailed understanding of rural livelihoods in Mon State and carry out analyses to assist policymakers in identifying policies to promote welfare in the state. The researchers are visiting several hundred households in the different townships ands your household was selected randomly for participation. The interview takes approximately 2.5 hours to complete and you may be asked to show us your agricultural plots or fish ponds for area measurement. You have the right to not participate or stop the interview at any time. Please note, however, that we value your participation. Be assured that the information you give will be held in the strictest confidence and in no circumstance will your household be identified. If you have questions or concerns about your role and rights as a research participant, or if you would like to receive more information about this study, you may contact, anonymously if you wish, Aung Hein of the Myanmar Development Resource Institute at 09 974 777 150 / 09 261 908 298.
