Overview:

Included here are the files necessary to replicate all figures and tables from "Who Do You Trust? Institutions that Constrain Leaders Help People Prevent Disaster," accepted at the *Journal of Politics.* Included are the files containing all data from the leader decisions, follower decisions, and demographic data for all participants. Additionally, a .do file is included with code to replicate all figures and tables in Stata 16. In order to generate all tables and figures, please ensure you have revised the code to include your working directory where you have saved the data files.
