Journal:	Nature Communications	(the 'Journal')
Proposed Title of the Contribution:	Semiconductor SERS enhancement enabled by oxygen incorporation	(the 'Contribution')
Author(s) [Please list all named Authors]:	*Zuhui Zheng, Shan Cong, Wenbin Gong, Jinnan Xuan, Guohui Li, Weibang Lu, Fengxia Geng, Zhigang Zhao*	(the 'Author(s)')

Nature Publishing Group, a division of Macmillan Publishers Ltd ("NPG") will consider publishing the Contribution pursuant to the terms set forth herein, including granting readers rights to use the Contribution on an open access basis selected below. The "Contribution" is defined as the text content of the paper named above and all supplementary information such as but not limited to tables, graphs and images.

In order for NPG to consider publishing the Contribution, Author(s) please:
1. read and complete the Article Processing Charge (APC) Payment Form which forms part of this contract; and
2. read the rest of this Licence to Publish and confirm acceptance of this Agreement by completing the required fields below.

CC BY: This licence allows readers to copy, distribute, remix, tweak and build upon your work, commercially, as long as they credit you for the original creation. Please read the full licence for further details at - http://creativecommons.org/licenses/by/4.0/

1 In consideration of NPG evaluating the Contribution for publication (and publishing the Contribution if NPG so decides) the Author(s) grant to NPG for the full term of copyright and any extensions thereto, subject to clause 2 below, the right and irrevocable licence:
   (a) to edit, adapt, publish, reproduce, distribute, display and store the Contribution in all forms, formats and media whether now known or hereafter developed (including without limitation in print, digital and electronic form) throughout the world;
   (b) to translate the Contribution into other languages, create adaptations, summaries or extracts of the Contribution or other derivative works based on the Contribution and exercise all of the rights set forth in
   (a) above in such translations, adaptations, summaries, extracts and derivative works;
   (c) to licence others to do any or all of the above, including but not limited to the right to grant readers the right to use the Contribution under the Creative Commons licence selected above; and
   (d) to re-licence article metadata without restriction (including but not limited to author name, title, abstract, citation, references, keywords and any additional information, as determined by NPG).

2 Ownership of the copyright in the Contribution remains with the Author(s). However, the Author(s)' re-use rights in the Contribution are subject to the rights and restrictions set forth below in this Section, and in clause 3 and 4(a). After the Author(s) have submitted the Contribution to NPG hereunder, the Author(s)' rights to re-use the Contribution shall be the same as those set forth in the Creative Commons licence selected above, with the following additional re-use rights:
   (a) to reproduce the Contribution in whole or in part in any printed volume (book or thesis) of which they are the Author(s); and
   (b) to reuse figures or tables created by the Author(s) and contained in the Contribution in oral presentations and other works created by them. Notwithstanding, if the entire Contribution is rejected by NPG and not published, all rights under this licence shall revert to the Author(s).

3 NPG acknowledges that an earlier version of the Contribution may have been submitted to a pre-print service (in accordance with that service's standard licence terms).

4 The Author(s) warrant and represent that:
   (a) the Author(s) are the sole Author(s) of and sole owners of the copyright in the Contribution and the Contribution is the original work of the Author(s) and not copied (in whole or part) from another work. If however the Contribution includes materials from other sources, the Author(s) warrant they have obtained the necessary rights from the owners of the copyright in all such materials and hereby license to NPG the rights to use such materials in accordance with the grant of rights in clause 1. Copies of all such grant of rights from third parties are attached to this licence;
   (b) all of the facts contained in the Contribution are true and accurate;
   (c) the signatory (the Author or the employer) who has signed this Agreement below has full right, power and authority to enter into this Agreement and grant the rights herein on behalf of all of the Authors;
   (d) nothing in the Contribution is obscene, defamatory, libellous, violates any right of privacy or publicity, infringes any intellectual property rights (including without limitation copyright, patent, database or trademark rights) or any other human, personal or

other rights of any person or entity or is otherwise unlawful; and

(e) nothing in the Contribution infringes any duty of confidentiality which any of the Author(s) may owe to anyone else or violates any contract, express or implied, of any of the Author(s), and all of the institutions in which work recorded in the Contribution was created or carried out, have authorised such publication.

5 The Author(s) authorise NPG to take such steps as it considers necessary at its own expense in the Author(s) name and on their behalf if NPG believes that a third party is infringing or is likely to infringe copyright in the Contribution including but not limited to initiating legal proceedings.

6 The Author(s) grant NPG the perpetual right to edit, correct, or retract the Contribution if NPG considers (in its reasonable opinion) that such actions are required. The Author(s) hereby agree that they shall not object to NPG carrying out any such actions

7 The Author(s) shall cooperate fully with NPG in relation to any legal action that might arise from the publication of the Contribution and the Author(s) shall give NPG access at reasonable times to any relevant accounts, documents and records within the power or control of the Author(s).

8 This Agreement shall be governed by and construed in accordance with the laws of England and Wales. The parties irrevocably agree that the courts of England and Wales shall have exclusive jurisdiction to settle any dispute or claim that arises out of or in connection with this Agreement or its subject matter or formation.

JOURNAL: NATURE COMMUNICATIONS

Nature Communications is an open access journal, where all journal content is permanently available free of charge to all readers. Articles are therefore subject to an article processing charge in order to support publication costs (as detailed in the 'Instructions to Authors').

It is mandatory to send this completed form and the Open Access Licence to Publish form to the return address (details below). Your manuscript may not be processed for publication until we have received the relevant forms.

Credit terms are 30 days from receipt of invoice. Failure to pay your invoice within the stated credit term may make you liable to such penalties as restrictions on your ability to publish with NPG or this title in the future, involvement of a third party debt collection agency and legal proceedings.

The APC will be charged at the following rate: RMB 33,100

VAT or local taxes will be added where applicable: for details please see www.nature.com/TaxInformation
This journal does not have any additional publication fees such as page or colour charges; all authors' costs are included in the article processing charge (APC).
