year	year of survey
control_num	survey id
hh_num	household identifier
person_num	individual identifier
sex	sex
dob_day	day of birth
dob_month	month of birth
dob_year	year of birth
literate	indicator variable for literate
in_school	currently enrolled in school
current_grade	current grade (if in school)
attended_school	attended school in the past
last_grade	last type of school attended (primary, middle school, etc)
last_serie	last grade
finished_school	Finished last type of school attended
sample_weight	Sample weight
psu	primary sampling unit code
strata	strata code
uf	state
dob	date of birth
weekday	weekday of day of birth
primary_edu_complete	indicator variable for primary education complete
secondary_edu_complete	indicator variable for secondary education complete
sample_weight01	Sample weight rescaled to be between 0 and 1
sample_weight_rescaled	Sample weight divided by 8
