Home

Welcome to the Flora of Nepal

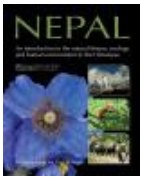
Online Flora
Access to Flora accounts with flexibility in searching and displaying information. Particularly useful for genus and species accounts

PDF account library
Downloadable PDFs of published Flora accounts. The PDFs are permanent and citable, with updated editions created to make new data available.

Database
Information about individual specimens and collecting localities.

Image Gallery
Images of plants and locations in Nepal. Images can be searched, browsed and downloaded.

Companion Volume



Find out information about our new publication, *Nepal: An introduction to the natural history, ecology and human environment of the Himalayas*, including how to purchase it.

Country information
Background information about the geography of Nepal, its plants, their biogeography, conservation and ethnobotany and a bibliography of these subjects.

Editorial centre
Information for authors writing accounts for the Flora and a list of the families and their authors.
