Bureau of Statistics FATA Cell
Planning & Development Department
FATA Secretariat, Peshawar

PREFACE

FATA has remained the most neglected part of the country in terms of development and availability of reliable and authentic data in the past. To monitor and measure the progress of the development initiatives, the need of authentic and reliable data has increased manifold in the context of ravages made by the war on terror for informed decision making and targeted interventions by the Govt. as well as development partners.

The present edition of Important Agency/FR wise Socio-Economic Indicators of FATA is the 19th of its series and 4th one being issued by the Bureau of Statistics, Planning & Development Department, FATA Secretariat. It is a compendium on important statistics related to the Agencies and Frontier Regions containing socio-economic data for the year 2012-13. The data was meticulously analyzed, scrutinized and vetted from the line directorates and other organizations concerned.

On behalf of Planning & Development Department FATA Secretariat, I am grateful to all government, semi-government departments and other organizations, which have provided data for the updation of this publication. I would also like to appreciate the hard work of the staff of Bureau of Statistics FATA Cell for releasing this comprehensive report on FATA.

Suggestions for improvement in the quality and contents of the publication are welcomed.

Peshawar, March, 2014

Shah Mahmood Khan
Chief Economist
P&D Department FATA

TABLE OF CONTENTS
