# PREFACE

The National Statistics Center under the Committee for Planning and Investment has published this statistical book summarized the basic statistics about the socio-economic development in Lao P.D.R during the past 30 years with one objective to reflect the achievements of the socio-economic development in the Lao P.D.R. It is a period of 30 years of socio-economic development of the nation under the leadership of the party and the government of the Lao P.D.R that led the country progressively from the recent success to new success creatively. On the other hand is to provide as background for researching, planning, or as general knowledge to all readers on the various sectors.

We have made many attempts to collect a completed data, but practically we could not fully achieve this goal. Therefore, some data have been estimated according to availably and planed data for the year 2005.

The National Statistics Center welcomes suggestions and comments from users for future development.

We hope to receive the kind co-operations from all users.
