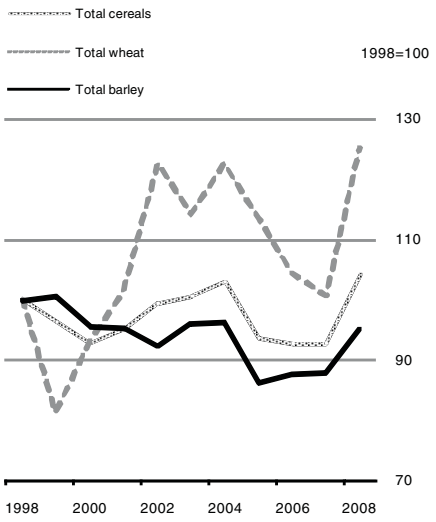
# Crops and Livestock Survey

## June 2008 - Final Results

**Index of area under cereals**



| | Total Cereals | Cattle | Sheep |
|---|---|---|---|
| | '000 ha | '000 | '000 |
| **June 2007** | 278.9 | 6,704.1 | 5,521.6 |
| **June 2008** | 313.8 | 6,719.9 | 5,061.4 |
| **% change** | +12.5% | +0.2% | -8.3% |

## Area under cereals up 12.5% in June 2008

The final results from the June 2008 agricultural survey show that the area under cereals has increased by 34,900 ha (12.5%) to 313,800. There was an increase in all of the main cereals, with the area under wheat increasing by 20,600 ha (24.5%), the area under oats increasing by 2,000 ha (9.5%) and the area under barley increasing by 13,700 ha (8.2%). *See Table 1.*

The results also indicate that the numbers of sheep have continued to decline and are at their lowest since 1986. The 2008 figure of 5,061,400 was 8.3% lower than the previous year. This decrease was due to reductions of 182,500 (-7.6%) in ewes 2 years and over, 57,500 (-12.7%) in ewes under 2 years, 7,800 (-8.7%) in rams and 212,400 (-8.2%) in other sheep. *See Table 2.*

A comparison with the June 2007 results indicates that:

- Cattle numbers increased by 15,800 (0.2%). Dairy heifers increased by 7,700 (3.5%) and dairy cows increased by 26,900 (2.5%). However, there was a decrease of 25,600 (-4.2%) in males 2 years and over. *See Table 2.*
- Pig numbers fell 7.6% to 1,466,500 with boars decreasing by 19.1%. *See Table 2.*
- The area under potatoes increased by 1.9% to 12,000 ha. *See Table 1.*

A regional analysis of the livestock numbers indicates that the largest number of sheep (1,358,700) was in the West region, the largest number of cattle (1,316,900) was in the South-West region and the largest number of pigs (444,000) was in the Border region. *See Tables 4 & 5.*

Cereals area figures for each EU country are given at the back of this release.

# Background Notes

**Introduction** This release presents final estimates of land utilisation and livestock numbers in June 2008 at State level and Regional level. The estimates are based on returns from the June 2008 Crops and Livestock Survey and June 2008 Pig Survey.

**Coverage** Farms where the agricultural area used was at least 1 hectare (2.47 acres) may be included in the June Agricultural Survey. Farms with less than 1 hectare may also be included if they were engaged in intensive production (e.g. pigs, poultry).

**Results** The results are based on the trends between June 2007 and June 2008 obtained by comparing the results from the 2007 sample with the 2008 returns for the same 18,900 farms.

As the figures in the text and tables have been rounded to the nearest 100 units there may be slight discrepancies between the sum (or difference) of the constituent items and the total shown. Percentage changes have been calculated on actual figures.

In February 2006, the EU formally adopted a reform on the EU sugar regime. This resulted in the end of sugar production in Ireland and a sharp drop in the area under sugar beet. Therefore, areas under sugar beet and fodder beet will no longer be reported separately but are combined to give an overall figure for area under beet.

Current and historical survey results at State and Regional level are also available on the Database Direct service at www.cso.ie.

---

**Comparison with DAFF CMMS Data** The Department of Agriculture, Fisheries and Food Cattle Movement Monitoring System (CMMS) has provided new administrative information on cattle numbers and on flows into/out of the cattle population since December 2002. Overall, the CMMS figure for the start of June 2007 indicated total cattle numbers some 3.1% higher than the CSO estimate for 1 June 2007.

The CSO is continuing to compare the CMMS and CSO survey figures at farm level, in order to provide a more detailed analysis and explanation of the reasons for the differences in level between the two sources of data.

**Composition of Regions**

***Border, Midland and Western NUTS 2 Region***

| | |
|---|---|
| Border | Cavan, Donegal, Leitrim, Louth, Monaghan and Sligo |
| Midland | Laois, Longford, Offaly and Westmeath |
| West | Galway City, Galway County, Mayo and Roscommon |

***Southern and Eastern NUTS 2 Region***

| | |
|---|---|
| Dublin | Dublin City, Dun Laoghaire-Rathdown, Fingal and South Dublin |
| Mid-East | Kildare, Meath and Wicklow |
| Mid-West | Limerick City, Limerick County, Clare and North Tipperary |
| South-East | Waterford City, Waterford County, Carlow, Kilkenny, Wexford and South Tipperary |
| South-West | Cork City, Cork County and Kerry |
