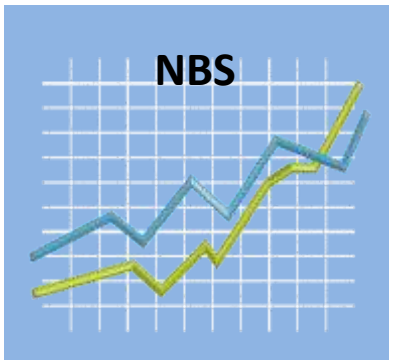
STATISTICAL ABSTRACT 2016



2017 Edition

National Bureau of Statistics
P.O. Box 206 - Victoria - Mahe
SEYCHELLES

Preface

This edition of the Statistical Abstract presents annual data for 2016 with series for earlier years as appropriate.

The Abstract brings together in one publication a summary of available statistics relating to the climate, land areas, demography, tourism, external trade, the economy and finance, production and communication, prices, employment, health, education and crime.

The preparation of the annual Abstract is a lengthy process. More up-to-date information compiled by the Bureau is available in tables published in the quarterly and monthly Statistical Bulletins on national accounts, tourism, external trade, employment, consumer price index and production, whereas demographic data is up-dated in half yearly bulletins.

Many tables appearing in the Abstract have been compiled from information provided by other government agencies and establishments in the private and parastatal sectors. Their contribution to the compilation of this publication is gratefully acknowledged and we count on their continued support.

The following symbols are used in the tables:

"-"means nil or less than half the digit shown
".." means not available
P = Provisional
Rm = Rupees Million
R = Rupee
('000) = Thousand
No = Number
Km = Kilometres

Where figures have been rounded to the nearest final digit (e.g., to thousands or tonnes) the rounded total need not necessarily equal the sum of the rounded constituent items.

F = Final P = Provisional

(i) GDP, GNI and GNDI are at current market prices

GNI = GDP + Net factor income from abroad

Valuation using actual exchange rates **(higher than official),** would give lower US$ GNI per capita results up until when the currency was floated in November 2008
