Tomz and Weeks
"Race, Democracy, and Public Support for War"
Codebook for Open-Ended Text (owrite) from Dafoe, Zhang, and Caughey 2018

General Instructions:

Please read through each *Owrite* entry and record the appropriate values in the spreadsheet.

Resp

Is the entry responsive to the prompt, i.e. it describes the country in the vignette?

0 = Entry is not responsive; e.g. it is blank, gibberish, does not plausibly describe a country, etc.
1 = Entry is responsive; it reflects an attempt to describe the country in the vignette and provides at least one descriptor.

SkinExpl

Does the entry explicitly characterize the skin color of the country's population?

Examples: White, Black, brown, nonwhite, dark/light skinned

0 = no
1 = yes, 'white'
2 = yes, 'nonwhite'
3 = yes, both 'white' and 'nonwhite'

SkinExpl_text

If you entered something other than "0" for the previous variable, copy the phrase or phrases that made an explicit reference to skin color. Leave blank otherwise.

Ethnic

Does the entry characterize the race or ethnicity of the country's population in a way that does not specifically refer to skin color? Include references to geographic terms if used as an adjective. Code references to race (white, non-white, or both) according to the 2024 U.S. Federal categories.[1]

Examples: Asian, Latino, Arab, European, Western

0 = no
1 = yes, 'white'
2 = yes, 'nonwhite'
