Replication Procedure

Gabriele Spilker, Thomas Bernauer, and Víctor Umaña

2015-04-0145.R2

- The three dofiles “CostaRica.do”, “Nicaragua.do”, “Vietnam.do” contain the STATA code to replicate Figures 1.1 to 1.3 and to obtain the numbers as well as subparts of which Figures 2 and 3 consist. These three dofiles also contain the STATA code to replicate all Figures listed in the Supplementary Material to this article.
- Dofile “Figures2_3.do” contains the STATA code to finalize Figures 2 and 3.
- All steps to produce our results are outlined in these dofiles.
