	MELAKA MANIPAL MEDICAL COLLEGE **OFFICIAL STATEMENT ON COVID19** **MUAR CAMPUS** We have been notified by the Ministry of Health that a student from our Muar campus is found to be positive for COVID19. Close contacts of the student have been notified and are under self-quarantine for 14 days. Your health and well-being are our number one priority. We will begin deep cleaning today. We would like to advise on the additional measures: • All staff will work from home for the whole week, beginning Monday, 19th October 2020; • All students will attend classes via online mode with immediate effect until further notice; • All students in campus accommodations are not permitted free movement within campus grounds; and • All staff and students residing outside of campus are requested to curtail your movements from your Muar residence. **As additional safeguard to your own community, all students and staff are requested to remain in Muar until further notice.** We seek your kind cooperation to remain calm and await further updates. We are in constant contact with the relevant authorities and we will update you from time to time. We strongly encourage that you adhere to the SOPs wherever you are. Should you need to be in touch with us over this crucial time, you may do so by emailing hr@manipal.edu.my Be safe. #TogetherWeWillOvercome **The Management** **Melaka-Manipal Medical College** **16 October 2020**

10-18	**CVSKL Reports 3 COVID-19 Cases** All Measures Taken in Compliance with MoH Standard Operating Procedures to Contain Spread **Kuala Lumpur, 16 October** - CVSKL has received notification from the Ministry of Health Malaysia (MoH) that a patient who underwent an emergency procedure **tested positive for Covid-19** after being discharged from CVSKL, at another facility. The patient, a 52-year-old male who was at CVSKL from **8-13 October,** was referred by an external clinic. Upon arrival, a RT-PCR test was performed, and the **results were negative.** Post-procedure he was discharged well, and without any Covid-19 symptoms. Under the guidance of MoH, we have performed contact tracing and all relevant CVSKL staff and doctors have undergone testing. Thus far, **3 staff** that were in close contact with the patient have been **confirmed positive** while **all doctors have been tested negative.** At time of this notice, affected areas have been **disinfected and sanitized** and this will continue for the rest of the hospital. CVSKL is continuing to work closely with the MoH with regards to further follow-up measures that may be required. We will continue to **adhere to the standard operating procedures** issued by the MoH, wear the required PPEs, practice good hygiene and maintain social distancing. Per MoH guidelines to contain the spread and to ensure a safe environment, we are currently reaching out to all relevant patients and visitors. **CVSKL remains operational and will resume regular services from Monday.**
	CVSKL COVID-19 Update Following our statement on the 16th of October, CVSKL confirms **2 additional positive cases,** bringing the **total positive cases to 5.** We would also like to report that contact tracing has been completed and no further cases are expected. Meanwhile, CVSKL will continue to implement increased **preventive measures to ensure the safety and well being** of our patients and staff.

	UNIVERSITI MALAYA **REDUCTION OF UNIVERSITY SERVICES FEE** Teaching and Learning (T&L) activities at Universiti Malaya have been conducted fully online since Semester 2, Session 2019/2020, where students are able to continue their studies without having to be physically present on campus. In the interest of our students' welfare, the University, through the Bantuan UM Prihatin initiative has decided that **a reduction of the University Services Fee of RM120.00 per semester will be given to local and international students for three (3) semesters, i.e. Semester 2, Session 2019/2020, Semester 1 & 2, Session 2020/2021**. The services fee includes Sports and Recreation, Library, ICT and Health Services. The overall fee reduction amounts to approximately RM2.7 million for each semester, involving more than 22,000 students. This is one of 11 initiatives under the Bantuan UM Prihatin initiative which has been in place since the implementation of the nationwide Movement Control Order (MCO) on 18 March 2020. The University continuously prioritises the welfare of our students as we navigate the new normal in the face of these challenging times. Let us hope that the COVID-19 pandemic will come to an end soon so that our campus life may resume its normal course. For further information on the fee reduction, kindly contact the Student & College Financial Management Division, Bursary Department at +6603-7967 3289 or via email to bursar_student@um.edu.my. Thank you. **Corporate Communications Office** **Universiti Malaya** Issued on 16 October 2020.

	Dear Valued Patrons, It is with deep regret that the Curve Management has to inform you that a staff of Foot Solutions has been tested positive for Covid-19. The said party informed the Curve Management upon receiving confirmation of test results today, 16 October 2020. All other staff of Foot Solutions were immediately tested and have been confirmed as Covid-19 negative. They are currently under self-quarantine for 14 days. They will only be allowed to return to work after being tested negative at the end of the 14-days period and with our Management's approval. The Curve Management would like to reassure our patrons that we are taking all necessary measures in accordance with MOH guidelines for the safety of our patrons, employees, retailers and the community at large. As an added precaution, we will be closing the entire mall overnight at 10.00pm on 16 October 2020 for deep cleaning and sanitisation. We will resume operations as usual tomorrow, 17 October 2020, 10.00am. Stay safe everyone. the Curve | Empire

10-16	**OFFICIAL STATEMENT BY:** **1 UTAMA SHOPPING CENTRE** **Clarification on JBPD's Covid-19 Report** **FOR IMMEDIATE RELEASE: 15 October 2020 – We refer to the report by Jawatankuasa Pengurusan Bencana Daerah (JBPD) Petaling dated 14 October 2020 on 1 Utama's Covid-19 cases and wish to clarify that 1 Utama DOES NOT have 63 covid cases and it is misleading to imply that all cases stated in their report originated from 1 Utama as no index case has been identified as coming from 1 Utama.** **Mass Swab Test for 6,000 Mall & Tenant Staff (11-12 Oct 2020) – 21 positive cases.** 1. With the current covid outbreak, the safety of our mall and tenant staff have always been our top priority. When we first set out to conduct an unprecedented mass testing exercise for 6,000 pax on our own initiative and expense, we were already prepared for the outcome of discovering multiple covid positive cases. Why? Because it is literally impossible to have zero cases tested from such a large pool of thousands during this time where Malaysia is experiencing its third wave of the pandemic. 2. Our sole objective of the mass testing was to get everyone tested in the fastest way possible to immediately identify any chance of a suspected or positive case within those working within 1 Utama for KKM to contact trace in order for us to be truly certified safe. 3. From the 6,000, we have yesterday concluded test results and successfully identified 20 tenant staff and 1 mall management staff as covid positive. These 21 persons have been swiftly quarantined by KKM to contain the spread and further minimize potential exposure. 4. With 13 malls in Klang Valley already reporting covid cases, 1 Utama is the first and only mall to risk it all and conduct a mass test of such scale to go beyond our call of duty. The maxim of "Test more know more, No test no case" rings true.

	SRI SEMPURNA INTERNATIONAL SCHOOL (WUB0017) 2A, JALAN SELASIH, TAMAN CHERAS, KL 56100 TEL : 03-9132 5100 10th October 2020 Dear Parents, The incident was reported late yesterday evening at 11:17pm that one of our primary school teachers and her son studying in Year 1 are tested COVID-19 positive. The teacher was physically present in her church last Sunday. On Monday (5/10) afternoon, she was informed one of her church members, who returned to Sarawak on Saturday (3/10), was confirmed COVID-19 positive. The church pastor and many of her church members, received negative result a few days ago. Since the teacher and her children were at the church last Sunday (4/10), we decided to quarantine and prohibit them from coming to school since Monday afternoon (5/10). They had a COVID-19 test on Thursday and the initial result which was released yesterday late evening, confirmed that she and her son are tested positive with COVID-19 infection.
