DATA REPORT

1. Publication

Markus Haverland, Bernard Steunenberg and Frans van Waarden (2011) Zijn wij een land van doen alsof? Nederland en de omzetting van Europese richtlijnen, *Bestuurswetenschappen* 65: 46-65

2. Analysis done with the following software

STATA

3. Available files

1. Data file STATA: BW_1978-2002.dta
2. Syntax file STATA: BW_analysis.do
3. Data file SPSS: BW_1978-2002.sav
4. Support: BW_unit_change.xls

4. Comments

File [4] helps to recalculate the impact of a unit change of coefficients, distinguishing between ratio and dummy variables. Presented are the coefficients of 'beschikbare omzettingstijd' (ratio scale variable) and 'omzetting per ministeriele regeling' (dummy variable)
