Module A2: Informed Consent

Greetings!

I am {Enumerator Name}, calling from BRAC James P Grant School of Public Health of BRAC University. You or a member of your household previously participated in a survey in April 2020 where you provided very important information on the current pandemic. We want to thank you for that. We again want to talk to you know about your current experiences with the Coronavirus pandemic. In particular, we are studying the gendered impacts of COVID-19 in Bangladesh. We would appreciate it if you could spare {35} minutes of your valuable time for this interview.

All your information will be strictly confidential, and we will not share your personal information outside our team. As a token of appreciation for your time, you will receive 150 taka which you will receive if you finish this interview. If you may find answering some of the questions sensitive and you can skip or refuse to answer those questions. We can also take breaks but once started the interview needs to be finished within the two days. You can ask me to stop at any point and you don't have to finish the interview if you don't want to.

If you have any further question(s), you can always contact {**PERSON} at {PHONE NUMBER} or {EMAIL ADDRESS}**. We will text you this information after we finish this interview, even if you don't complete the whole questionnaire.
