README file for
"Labor Mobility and the Problems of Modern Policing"

By Jonathan Masur, Aurélie Ouss and John Rappaport

This readme file contains instructions on how to replicate the results of our paper. The data that we use for this project was obtained through public record requests.

Data Availability Statement

This replication deposit contains all of the analysis data used to construct our tables and figures, as well as code to generate these tables and figures

Analysis do-files

Before running the code, it is necessary to update the global paths for the relevant file structure on your computer.

PoliceMobility_Illinois.do: generates tables and figures using Illinois data

PoliceMobility_Florida.do: generates tables and figures using Illinois data

Datasets

We post the data to replicate all tables and figures in the paper.

The following datasets are used to replicate the Illinois analyses:

- IL_officer_data_anon.dta
- IL_rank_data_anon.dta
- IL_pensions_anon.dta

The following dataset is used to replicate the Florida analyses:

FL_officer_data_anon
