The DELTAS Community and Public Engagement (CPE) Seed Fund Survey

About the survey:

The Liverpool School of Tropical Medicine and the African Population Health Research Centre are conducting a brief online survey (10-15 minutes) with recipients of a 'DELTAS Community & Public Engagement (CPE) seed fund' award. The aim of the survey is to assess your CPE knowledge, attitudes and practices prior to receiving the award as well as your experiences of the CPE seed fund programme. Participation is both anonymous and voluntary, although we would appreciate you taking the time to complete the survey as the information will help us assess the success of the CPE seed fund programme and to improve future versions of similar programmes.
