1	Jun 02, 2024	Archived	**Globalresearch.ca** - an anti-Western and anti-globalisation website regularly publishing conspiracy myths. Privately edited by Michel Chossudovsky	World Economic Forum's 'Young Global Leaders' Revealed. What is happening is […] a method of taking us to their **ultimate solution** in the form of a global **technocratic control** system.
2	Jun 07, 2024	Archived	**inoSMI** - Russian media project i. a. translating Western news into Russian. Part of RT	Before the European Parliament elections, Brussels elites are looking for **scapegoats**, writes The European Conservative. Some blame the 'extreme right' for political violence, others **inflate the topic of 'Russian interference.'** They are clearly **afraid of losing** because they are tired of voters with their **harmful policies.** […] Vive la **résistance**! […] Many parties consider former President Donald Trump to be a role model. They promise to weaken the power of Brussels and change the policy of the European Union on the most pressing issues, such as migration and climate policy.
3	Jun 08, 2024	Archived	**Moskowski Komsomolez** - a Russian newspaper	Under the pretext of a **'green'** transition, the construction of **'green' neocolonialism** is being implemented in practice. The **'green'** transition is a form of **neocolonialism** towards developing countries, and the colonizers themselves–developed countries–have made the greatest contribution to the climate crisis, they account for most of the emissions. And Western governments, businesses and investors are beginning to revise their approach to the '**green' agenda**, which is too **expensive**.
4	Jun 09, 2024	Archived	**Zero Hedge** - a far-right, libertarian financial blog and news aggregator	Although a new right-conservative parliament might be less ambitious on reducing the environmental and climate impact of farming, this certainly does not mean European **farmers** are free from demands. […] In short, even with a new right-conservative parliament, farmers still face **strict regulations** to improve their environmental and climate.
5	Jun 08, 2024	Archived	**Rossiyskaya Gazeta** - a Russian newspaper published by the Government of Russia	Igor Sechin [head of Rosneft] […] recalled that it is in the **developing countries** of Asia and **Africa** that the largest population growth is observed and, as a result, the rapid increase in energy demand. It is obvious that in this situation, reducing global consumption of fossil resources would automatically mean not only **preserving**, but also **aggravating** the problem of **hunger** and energy **poverty**.
6	May 30, 2024	Archived	**NewsFront** - a Russian news site based in occupied Crimea	The old continent, **repeating the mistakes of the Roman Empire**, can also repeat its **fate** […] **deindustrialization** of Europe […] energy **crisis**, […] a third of industrial companies that are **fleeing** Europe have already left Germany. Industrial enterprises, often with a rich history, are **gradually going ruin.**
7	May 30, 2024	Archived	**Stoletie** - a Russian newspaper	The old continent, **repeating the mistakes of the Roman Empire**, can also repeat its **fate** […] **deindustrialization** of Europe […] energy **crisis**, […] a third of industrial companies that are **fleeing** Europe have already left Germany. Industrial enterprises, often with a rich history, are **gradually going ruin.**
8	Jun 04, 2024	Archived	**X**-post of far-right Swedish journalist and blogger spreading conspiracy narratives postions and sentiment	Thousands of **farmers** are heading towards Brussels to **protest** against EU climate policies. You **won't see this on the news**.
9	May 31, 2024	Archived	**Spiked Online** - a British, right-libertarian Internet magazine focusing on politics, culture and society	Polish workers are fighting the EU's green **tyranny** (photo caption)
10	May 31, 2024	Archived	**X-page of Spiked Online** - a British, right-libertarian Internet magazine focusing on politics, culture and society	Polish **workers** are standing up to the **EU's Net Zero tyranny**. Solidarity, the movement that defeated Communism, has staged one of the largest trade-union demos in history to fight the EU Green Deal. Poles are fed up with **climate hysteria,** says Rafał Woś.
11	Apr 02, 2024	Archived	**Valdai Discussion Club** - a think tank and discussion forum based in Moscow. Part of a foundation established by the Council on Foreign and Defence Policy and other Russian political institutions	The **Dark Side** of Brussels' Energy Policy: The **Green Deal's Death Knell** […] Pursued under the concept of the Green Deal, the energy transition has been one of the strongest and most **damaging** factors influencing the economy of the Federal Republic of **Germany**, and therefore the economy of Europe. This policy is primarily being pursued by Ursula von der Leyen's European Commission and Olaf Scholz's cabinet. Economic figures are **poor**, energy prices are a **burden** on the economy and society alike, and yet important political decisions continue to be subject to the **dictates** of the energy transition.
12	Jun 07, 2024	Archived	**Magyar Nemzet** - a major Hungarian newspaper published in Hungary, very close to the party of Viktor Orbán	A similar problem is the **ideologically driven European Green Deal** and all that it causes. Farmers, for example, are experiencing the difficulties firsthand, slowly being **strangled** by Brussels.
13	Jun 06, 2024	Archived	**The European Conservative** - a pan-European conservative, traditionalist, reactionary, and right-wing English-language publication registered in Budapest, Hungary	The campaign for this week's elections to the European Parliament has been marked by the **Brussels elites trying to turn the truth on its head.** The parties of the centre and left have insisted that these elections are about 'defending European democracy' from foreign—particularly Russian—interference and '**disinformation**.'

14	Jun 06, 2024	Archived	**Kommersant** - a large Russian daily newspaper with a focus on politics and business	The problem of **global warming may not be so serious for Russia, and the country may even benefit from it**. Such data is contained in the report of the Bank of Russia. Against this background, analysts believe, the country does not need an energy transition. At the same time, it is emphasized that with the implementation of all possible **'green'** development scenarios, such as a decrease in the export price for **'brown' energy**, the introduction of a domestic tax on such energy, an increase in productivity in the **'green' energy** sector, there will be a **decrease** in the level of public **welfare**.
15	Jun 05, 2024	Archived	**Valdai Discussion Club** - a think tank and discussion forum based in Moscow. Part of a foundation established by the Council on Foreign and Defence Policy and other Russian political institutions	Is the EU **Falling Apart** Over Foreign Policy? […] **Energy** as an **instrument of power** […] However, it should not be overlooked that there are tangible economic and, above all, energy policy interests behind the solidarity of the three major continental European states: In line with Brussels' Green Deal, Poland now wants to bring forward the phase-out of coal and is planning to start using nuclear energy in 2033. Six units with a total capacity of 6 to 9 gigawatts are to be built at two locations and will be ready by 2043. Half will be constructed by US companies, the other half by South Korean companies—countries from which Poland has recently ordered **weapons**, **military vehicles** and **fighter planes**.
16	May 15, 2024	Archived	**RT** - an international news television network funded and controlled by the Russian government	Today, **Fico** is one of the few leaders of an EU or NATO country who has expressed an alternate point of view on events in the world. RT has collected some of his quotes that have resonated globally. […] If we can't tell the truth at the Brussels table that, for example, **anti-Russian sanctions didn't work**, […] that the **fanatic implementation of the Green Deal is killing our economies,** […], we are on a **slippery slope** that can be not only politically, but also **economically destructive** for Europe.
17	Apr 21, 2024	Archived	**RT** - an international news television network funded and controlled by the Russian government	The present-day European Union is engaged in its own **expansive electrification project**—the energy transition—that similarly inhabits ground where **ideology** meets **technocracy** and underpins legitimacy. Yet in the past year or so, something has gone badly wrong, and a **backlash** against the climate agenda and its **technocratic** enforcers has been spreading across Europe. […] Farmers dissatisfied with EU policies that they regard as **devastating** to their livelihoods have been **grumbling** for years, but recently their protests have reached a crescendo, and built-up political weight.
18	Mar 15, 2024	Archived	**Sputnik** - a news agency and radio broadcast service owned by the Russian state	The nation-wide **farmer** protest in Poland broke out in February with farmers blocking roads to Ukraine and halting vehicles. Participants of the rally demand a stop to importing **cheap Ukrainian agricultural products of low quality**, as well as **abandoning European green initiatives**.
19	Mar 21, 2024	Archived	**Sputnik** - a news agency and radio broadcast service owned by the Russian state	Europe's **farmers**, already **suffering losses** thanks to WEF-imposed **'green' restrictions** on methane, nitrogen, and other gas emissions linked to food production, and stripped of state subsidies for diesel fuel, have been pushed to the **breaking point** by **Ukraine's dumping of millions of tons of additional grain onto local markets.**
20	Mar 09, 2024	Archived	**Sputnik** - a news agency and radio broadcast service owned by the Russian state	In addition to **cheap Ukrainian products**, EU **farmers** are concerned about inflation and high energy costs. On top of that, **Brussels has imposed new environmental measures on the bloc's agricultural workers** under the **European Green Deal**. Polish and other European **farmers responded with all-out protests and road blockades**.
21	Dec 17, 2024	Archived	**Sputnik** - a news agency and radio broadcast service owned by the Russian state	A **key issue** is the **mining of cobalt**, an important component of many rechargeable batteries. The metal is mined throughout the African continent, especially in the Democratic Republic of Congo (DRC), and **the working conditions of those extracting it often attract harsh criticism.**
22	Jun 08, 2024	Archived	**Gazeta.ru** - a Russian news site based in Moscow	According to the German Chamber of Commerce and Industry, the management of **more than half of the enterprises in Germany has a negative attitude to the energy transition**.
23	Jun 08, 2024	Archived	**cont.ws** - pro-Russian and conspiracy myth blog in Russian with the top-level domain of Samoa (.ws)	EU countries already see that their countries' **climate policies cause an increase in prices for energy, real estate, transport and food**. Therefore, they will reconsider their carbon emission targets more than once, said the head of Rosneft Igor Sechin.
24	Jun 04, 2024	Archived	**Rossaprimavera.ru** - a Russian news agency	**Angry** farmers from the Netherlands and a dozen other EU countries are heading to Brussels before the European elections to protest against **restrictive** European climatic and environmental standards. […] **Brussels is preparing for the fact that the actions of farmers can get out of control**. However, this time the farmers are not gathering around the buildings of the EU administration, but on the outskirts of the city. The protest is directed against the agricultural policy of the European Union.
25	Jun 03, 2024	Archived	**inoSMI** - Russian media project i. a. translating Western news into Russian. Part of RT	The European Commission is laying a **time bomb** under the EU, politician **Rafal Forys** said in an interview with **Do Rzeczy**. Brussels' speculative directives on the Green Deal, forced migration and the fight against global warming will lead to the **collapse** of the bloc's economy, the expert believes.

26	Jun 03, 2024	Archived	**PressTV.ir** - an Iranian state-owned news network that broadcasts in the English and French languages owned by Islamic Republic of Iran Broadcasting (IRIB), the only organization legally able to transmit radio and TV broadcasts in Iran	Spanish **farmers** from the Basque country were headed towards the French border on Monday where they planned to **block roads** in protest ahead of the European election.
27	Jun 02, 2024	Archived	**Globalresearch.ca** - an anti-Western and anti-globalisation website regularly publishing conspiracy myths. Privately edited by Michel Chossudovsky	It is those who form the foundation of pyramid who hold society together. Who glue together the basic infrastructure which supports our daily lives. And it is from here that an increasing percentage reject the psychology of **mental indoctrination** and the promotion of a digitalised virtual future. The '**Throw out Green Deal**' remarkable, **unified farmer uprisings** happening in all parts of Europe and beyond are testimony to this. They are rising up against the imposition of **phony** '**Net Zero by 2045**' rules that demand an end to farmers working the land and an end to the livestock that keep that land fertile. These **farmers are out in their tens of thousands**. In Poland they are mounting **month long tractor blockades of citie**s, supermarkets and border crossings. Coals miners, faced by being shut out by large scale 'stop global warming' redundancies, are joining the uprising.
