Codebook for "Do Partisan Types Stop at the Water's Edge?"

Joshua D. Kertzer, Deborah Jordan Brooks, and Stephen G. Brooks

February 14, 2020

Note: there are two datasets, one for study 1 (*Study 1 Data.RData*) and one for study 2 (*Study 2 Data.RData*). The variable descriptions for the raw variables in each study are denoted below; see Partisan Types 0.R for the R file that creates the cleaned and coded variables, and see Appendix §1 for the study instrumentation.

Study 1

Treatments

Variable	Description
approach	Whether the policy approach items indicate the approach for the interventions (1), or leave it unmentioned (0). Randomized at the respondent-level, and held constant across the four interventions.
