Identifying Grievance Frames in Elite Discourse

Codebook for the "grievances_hand" dataset containing the manual annotations of ethnic organisations' social media posts used in:

Frederik Gremler, Lea Haiges, Nils B. Weidmann and Christina I. Zuber. [forthcoming]. Reality or Rhetoric?. Between-Group Inequality and the Use of Grievance Frames on Social Media, Forthcoming in Political Studies.

Please direct any questions on the hand annotations to christina.zuber@uni-konstanz.de

Identifiers
countrycode – Three-letter country code (ISO3C)
countryname – Country name
unique_post_number – Unique post number across the entire project [source_qda_project-case_number]
case_number – Case number of each post in its respective QDA Miner project (QDA Miner was the software used to annotate the posts manually).

Imported variables from other sources
GWID_X – Numeric Gleditsch-Ward country code, Source: http://ksgleditsch.com/data/iisystem.dat
GROUPID_EP – Numeric ethnic group code from EPR
GWGROUPID – Numeric code consisting of GWID_X, 0, and GROUPID_EP
INDEX_CHR– Identifier generated via hash function from post text, same text leads to same value! To uniquely identify posts, use unique_case_number
ORGNAME – Organization name from EPR-O
ACCOUNTNAM – Account name from EO2
LANGUAGE_P – Language of post via cld3 (automated prediction)
YEAR – Year of post
MONTH – Month of post
MULTIETHNI – Whether the organization has links to multiple ethnic groups in EPR-O
ELECTORAL – Whether the organization has participated in national elections (EPR-O)
source_qda_project – QDA Miner project file that was imported
variable – Hand-annotations (see values of "variable")

Values of "variable" summarizing our own hand annotation
g_[aggrieved_group] – group (Who is deprived?)
b_[blamed_actor] – blame (Who is to blame?)
i_[deprivation_issue] – issue (Aggrieved about what?)
    One of Cultural, Political-Legal, Security, Socio-Economic, Other
c_[action_type] – call to action (What should be done?)
    One of Protest, Support, Rebel, Other
m_Blank – Social media post did not contain any grievance element
